

PROCEEDINGS OF THE CITY COUNCIL
CRYSTAL LAKE, ILLINOIS
September 6, 1966

The zoning board recommended that the petition to rezone Lot 12 on the corner of Terra Cotta Avenue and Peterson Parkway to R-5 be denied.

Recommend deny
petition-rezone
to R-5

Mr. Krenz, attorney for the petitioners was present to ask the council to approve the rezoning.

Krenz asks
approval

It was moved by Vinci and seconded by Scott to accept the zoning board's recommendation to deny the petition.

Petition
denied

Upon roll call McCormick, Scott and Vinci voted aye. Gumprecht voted nay. Motion passed.

The council reviewed the architect's analysis of the bids for the Safety Building. He recommended that the general work be awarded to Joseph Frett & Son for \$108,500.00; heating, plumbing and air conditioning to Sherman Plumbing & Heating Co. for \$44,080.00; electrical work to Carey Electric Co. for \$15,943.00

Review bids
Public Safety
Bldg., and
architect's
recommendations

He stated that the original bids were above the estimated costs and the report given to the council represented a negotiated price which meets estimated costs.

Discuss
negotiated
prices

It was moved by Vinci and seconded by McCormick to accept the architect's report and recommendations.

Accept architect
report and
recommendations

Upon roll call all members present voted aye. Motion passed.

The council reviewed the petition of the Congregational Church to construct a fence around their property located at Florence and Lake Streets. The zoning board recommended that the petition be granted with reservations stated in their letter to the council dated August 21, 1966.

Review petition
Congregational
Church's fence

It was moved by McCormick and seconded by Vinci to accept the zoning board's recommendation to grant the Congregational Church petition.

Accept petition
with Zoning
Board's re-
servations

Upon roll call all members present voted aye. Motion passed.

The council reviewed the Kingsberry Homes' request for variation of the Building Code.

Review Kings-
berry Homes re-
quest Bldg. code
Special hearing
8/25/66

A special hearing had been held to investigate the request on August 25, 1966.

It was moved by McCormick and seconded by Vinci that the Kingsberry Homes' request for variations in the Building Code be denied.

Deny request
for variation
of Bldg. Code

Upon roll call all members present voted aye. Motion passed.

The council reviewed the Tax Levy Ordinance for the period of May 1, 1966 to April 30, 1967.

Review Tax Levy
Ordinance

PROCEEDINGS OF THE CITY COUNCIL, CRYSTAL LAKE, ILLINOIS
SEPTEMBER 18, 1979

The meeting was called to order by Mayor Wehde at 7:35 p.m. On roll call, Roll Call Councilmen Kropp, Hinebaugh, Wickham, and Peterson, and Mayor Wehde were present.

Councilman Kropp moved to approve the minutes of the September 4, 1979 meeting as presented. Councilman Wickham seconded the motion. On roll call, Councilmen Kropp and Wickham and Mayor Wehde voted aye. Councilmen Hinebaugh and Peterson passed. Motion passed. Approve Sept. 4 Minutes

Councilman Peterson moved to authorize bills for payment in the amount of \$133,235.47. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Pay Bills

Councilman Peterson moved to approve the August Treasurer's Report as presented. Councilman Kropp seconded the motion. On roll call, all voted aye. Motion passed. Approve Aug. Treas. Report

Mayor Wehde read a proclamation declaring Friday, September 28, 1979 as Kids Day in Crystal Lake; also known as Kiwanis Peanut Day. Kids Day Sept. 28

Mr. Tronet addressed the Council, and asked if there were any written responses to his requests made at the last Council Meeting. Councilman Wickham and Councilman Hinebaugh stated they would be replying in writing. Councilman Kropp and Mayor Wehde stated their records were available but would not be replying in writing. Councilman Peterson stated he had no comment.

Councilman Hinebaugh moved that all petitions that have been received to date should become part of the official record and everything should be included in the IIT File. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Petitions be included in IIT File

The attorney for the petitioner in the proposed Coleman/Keating Annexation addressed the Council and requested to be put on the agenda for the October 9 Work Session to meet with Council and Staff concerning this proposal.

Councilman Peterson moved to continue the public hearing on the proposed Coleman/Keating Annexation to the October 16, 1979 Council Meeting. Councilman Hinebaugh seconded the motion. On roll call, all voted aye. Motion passed. Continue Coleman/Keating to Oct. 16

Mr. Franz addressed the Council concerning the proposed Wedgewood Annexation, and was told that the hydrology report from Mr. Roland had arrived this afternoon. All the Councilmen felt they needed more time to review the hydrology report. It was suggested that Mr. Franz submit a pre-annexation agreement before the next meeting to be reviewed by Council and staff.

Councilman Wickham moved to continue the proposed Wedgewood Annexation public hearing to the October 16, 1979 Council Meeting, and to ask Mr. Fred Roland to appear at the October 2 meeting to answer any questions Council might have regarding the hydrology study. Councilman Kropp seconded the motion. On roll call, all voted aye. Motion passed. Continue Wedgewood to Oct. 16 Roland to appear Oct. 2

Councilman Peterson moved to continue the proposed Arrowstone Annexation public hearing to the October 2, 1979 Council Meeting. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed.

Continue
Arrowstone to
Oct. 2

Mr. Zukowski, attorney for the petitioner, Mr. Lawrence, addressed the Council concerning the matter of rezoning of the property near Terra Cotta Avenue and Glen Ave. from "R-2" Single Family to "O" Office. Councilman Wickham stated he received several phone calls from residents in that area stating that employees of a nearby business are using an alley that adjoins this property. It was decided to look into the possibility of closing the alley, and to check on the feasibility of increasing the height of a screening fence.

Councilman Kropp moved to approve the recommendation of the Zoning Board of Appeals to reclassify the zoning on the property on the south side of Terra Cotta Avenue, east of Glen Avenue from "R-2" Single Family to "O" Office. Councilman Peterson seconded the motion. On roll call, Councilmen Kropp, Hinebaugh, and Peterson and Mayor Wehde voted aye. Councilman Wickham passed. Motion passed. Councilman Peterson moved to adopt an ordinance for the rezoning of this property. Councilman Kropp seconded the motion. On roll call, Councilmen Kropp, Hinebaugh, and Peterson and Mayor Wehde voted aye. Councilman Wickham passed. Motion passed.

Rezone
property on
Terra Cotta
east of Glen
and adopt
ordinance

Mr. Franz, attorney for the petitioner, addressed the Council concerning the proposed change in zoning for the Woodloch Annexation Agreement. He stated the area in question is 17.4 acres and they would like "R-4" zoning rather than "M-1" Manufacturing. He stated they are applying for a PUD on this proposal and would like to have this matter continued. Councilman Peterson moved to continue the Proposed Annexation Amendment for Woodloch to the November 20, 1979 Council Meeting. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed.

Continue
Woodloch
Annexation
Amendment to
Nov. 20

It was moved by Councilman Kropp and seconded by Councilman Wickham to uphold the recommendation of the Zoning Board of Appeals and grant a residential variation for the property at 135 Pomeroy Avenue, which provides for reducing the side yard requirement by 6 inches and the rear yard requirement by 4 feet. On roll call, Councilmen Kropp, Wickham, and Peterson and Mayor Wehde voted aye. Councilman Hinebaugh was out of the room. Motion passed. Councilman Wickham moved to adopt an ordinance providing for side yard and rear yard variations at 135 Pomeroy Avenue. Councilman Peterson seconded the motion. On roll call, Councilmen Kropp, Wickham, and Peterson and Mayor Wehde voted aye. Councilman Hinebaugh was out of the room. Motion passed.

Approve
variation at
135 Pomeroy
and adopt
ordinance

Regarding the resubdivision of the Crystal Lake Motel, concern was raised about permitting additional construction on this property because it is in Watershed District #5. The City Engineer and the Plan Department representative were asked to reply in writing regarding watershed impact. Mayor Wehde stated he received the report he asked for as to duration of stay of the occupants, and he was satisfied with the report. Councilman Wickham moved to defer consideration of the Plan Commission recommendations regarding the Crystal Lake Motel until the October 2, 1979 Council Meeting, and to request written recommendations of staff on the impact the proposal will have on the Watershed. Councilman Kropp seconded the motion. On roll call, all voted aye. Motion passed.

Continue
Resub. of
CL Motel to
Oct. 2

Councilman Kropp moved to continue Four Colonies Units 7 & 8, Green Corners Cont. 4 Col. Subdivision, Ridgewood Park Resubdivision, and Jung's Oakwood Acres to the Grn. Corners October 2, 1979 Council Meeting. Councilman Peterson seconded the motion. Ridgewood Pk On roll call, all voted aye. Motion passed. Oakwood Acres to Oct. 2

Mr. Franz, attorney for the petitioner for the former IIT Property, addressed the Council and asked that the Zoning Reclassification Ordinance for the former IIT property be adopted. Mayor Wehde stated he would like to continue this matter to the October 2 meeting, and to refer this matter to the Executive Session to discuss the offer Mr. Osty withdrew for the buildings and property for a possible City Hall site.

Councilman Hinebaugh moved to continue the Zoning Reclassification Ordinance Continue IIT for the former IIT property to the October 2, 1979 Council Meeting, and to Zoning Ord to go into Executive Session to appoint a member to negotiate for the property Oct. 2 and to and buildings in question, which at one time were offered to the City. go into Exec. Councilman Peterson seconded the motion. On roll call, Councilmen Hinebaugh, Session Wickham, and Peterson and Mayor Wehde voted aye. Councilman Kropp voted no. Motion passed.

Councilmen Wickham and Hinebaugh both questioned why an individual was denied a request to appear on the agenda for tonight's meeting. Mr. Dusty Rhoades stated he called City Hall on Thursday afternoon, and asked to be placed on the agenda. He stated the City Manager called him on Friday and told him his request was denied. The City Manager stated Mr. Rhoades asked to be on the agenda regarding the IIT property. The City Manager stated he called Mr. Rhoades on Friday and told him that the IIT property matter was on the agenda and that he could speak then on this matter, or he could also speak during the "Public Presentations" portion of the meeting.

It was stated that there was nothing in writing as to a cut-off date and time Adopt policy for items to be placed on the agenda. Councilman Wickham moved that a policy for agenda be drafted covering procedures to be followed in the preparation of agendas. preparation Councilman Hinebaugh seconded the motion. On roll call, all voted aye. Motion passed.

Mr. Brei, of Construction Unlimited addressed the Council. He stated he was the developer of the Thunderbird Lake Subdivision, which is on the east side of Rte #31, north of College Hill Rd. He stated he was asking if the City of Crystal Lake would like to consider annexation of this 320-acre proposed development. He stated he has presented a preliminary plat to the County and will develop with them if Crystal Lake is not interested. The Sewerage Systems and water for the development will be provided by an agreement with Terra Cotta Industries. Councilman Hinebaugh questioned if he had approached Prairie Grove for possible annexation. Mr. Brei stated he did not, he is only dealing with the County now. The Council felt they needed time to look into this further, and asked Mr. Brei to come back to the next Council Meeting, and they would let him know if they were interested in annexing this development. Councilman Wickham moved to continue the Thunderbird Lake Subdivision to the October 2, 1979 Council Meeting. Councilman Hinebaugh seconded the motion. On roll call, all voted aye. Motion passed.

Continue
Thunderbird
Lake Sub.
to Oct. 2

Mr. Franz addressed the Council on the drainage problem of the Lochwood Development. He stated their engineers have come up with a plan to provide a lake which will be 10 feet deep on one portion of the property with a pond for heavy water situations on another portion of the property. The City Engineer stated that the main sewer line runs right in the middle of their proposed deep lake.

Councilman Wickham moved to send the Unit #2 Plan of the Lochwood Development to the Plan Commission with the stipulation that we approve the concept of the drainage system as proposed, provided final engineering is worked out, and stating our preference is for a gravity system and that the developer should continue to secure easements to enable him to construct a gravity system. Councilman Kropp seconded the motion. On roll call, Councilmen Kropp, Wickham, and Peterson and Mayor Wehde voted aye. Councilman Hinebaugh passed. Motion passed.

Send Unit 2
of Lochwood
to Plan
Commission

Mayor Wehde stated it was decided at the Work Session to set up a committee to study the combining of the Ambulance Department with the Fire Department. He submitted a list of five people to be considered by Council.

Councilman Hinebaugh moved to accept the following five people to serve on the Committee to study the Fire and Ambulance Departments:

Al Querhammer
Tom Johnson
Harry Dillon
Tony Wujcik
Ron Modrich

Approve
Committee
to study
Fire &
Ambulance
Depts.

Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed.

Councilman Wickham expressed concern about Fire Department response times, and the need for additional firemen. Councilman Hinebaugh felt a referendum would be necessary to provide funds for additional firemen. It was decided to ask Fire Chief Kreckler to attend the next Work Session to discuss these matters.

Councilman Wickham moved that the City participate with the Downtown Assn. on the former Jewel Parking Lot by policing the lot twice weekly, paying for the electrical energy charges for lighting the lot, and developing a parking plan, with the total annual City cost not to exceed \$1,000. Councilman Hinebaugh seconded the motion. On roll call, Councilmen Hinebaugh and Wickham and Mayor Wehde voted aye. Councilmen Kropp and Peterson voted no. Motion passed.

City to
assist
with Jewel
lot

It was moved by Councilman Wickham and seconded by Councilman Peterson to approve the Airport Layout Plan. On roll call, Councilmen Hinebaugh, Wickham, and Peterson and Mayor Wehde voted aye. Councilman Kropp was out of the room. Motion passed.

Approve
Airport
Layout
Plan

The proposed change in policy regarding leaf and brush pickup was discussed at the Work Session and the recommendations were read at this time. For the first year, plastic bags will be used for leaves, and in the future,

it is proposed that only biodegradable bags will be used. Brush will be picked up only once a year, in June or July, however, there will still be a brush pickup this fall.

Councilman Kropp moved to authorize the Engineering Department to accept bids from private contractors for brush and leaf pickup. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Accept bids for brush and leaves

Councilman Peterson moved to formally order the continuation of the sidewalk program as set forth by previous ordinances, with staff to determine priority. Councilman Kropp seconded the motion. On roll call, Councilmen Kropp and Peterson and Mayor Wehde voted aye. Councilman Wickham passed. Councilman Hinebaugh was out of the room. Motion passed. Continue sidewalk program

Councilman Wickham moved to accept the low bid for the purchase of an automobile from Fox Valley AMC/Jeep in the amount of \$4,610.00. Councilman Peterson seconded the motion. On roll call, all voted aye. Motion passed. Accept bid for auto. from Fox Valley

It was moved by Councilman Peterson and seconded by Councilman Wickham to sell the hi-ranger for \$17,100 to Althoff Industries. On roll call, all voted aye. Motion passed. Sell hi-ranger to Althoff

It was moved by Councilman Wickham to revoke our contract with Cargill Salt for water softening salt, and to award the bid to Domtar, and to end the contract on March 31 and rebid at that time. Councilman Peterson seconded the motion. On roll call, all voted aye. Motion passed. Purchase salt from Domtar

It was moved by Councilman Hinebaugh and seconded by Councilman Kropp to approve a request to connect two Park District Houses on the south side of Barlina Road into the City's sewer system, and defer the payment of connection fees. On roll call, Councilmen Hinebaugh, Kropp, and Peterson and Mayor Wehde voted aye. Councilman Wickham passed. Motion passed. Connect Park Dist. houses to City sewers

Councilman Peterson moved to defer the selection of a planning consultant until the next meeting on October 2, 1979. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Cont. plan consultant to Oct. 2

Councilman Kropp moved to accept an EPA requirement to establish an advisory committee for the City's Step I Facilities Planning Program, and to authorize the Mayor to appoint an advisory committee of six members. Councilman Hinebaugh seconded the motion. On roll call, all voted aye. Motion passed. Establish committee for Planning program

Councilman Peterson moved to waive the Pollution Control Ordinance to permit South High School to have a bon fire on Friday, October 5, and Central High School to have a bon fire on October 12. Councilman Kropp seconded the motion. On roll call, all voted aye. Motion passed. Permit high school bon fires

Councilman Peterson moved to approve a request from the Jaycees to have a Turkey Shoot on Sunday, October 7 from 8:00 a.m. to 6:00 p.m., with a "bad weather" date of Sunday, October 21. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Approve Turkey Shoot on Oct. 7

It was moved by Councilman Wickham and seconded by Councilman Kropp to approve a request from the Crystal Lake Plaza Merchants to hold an art fair on October 6, contingent on not falling in the same week as the Jaycee Art Fair. On roll call, all voted aye. Motion passed.

Approve Art Fair on Oct. 6 for CL Plaza

On recommendation of Mayor Wehde, Councilman Hinebaugh moved that it should be City policy to try to annex the commercial property outside but near the City's corporate limits, and to make some concesssions if necessary to achieve this, and to direct the Mayor to act as a Council representative in this matter. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed.

Try to annex comm property near City limits

Councilman Kropp moved to go into Executive Session at 11:40 p.m. to discuss litigation, land, and personnel matters. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed.

Executive Session

The Council returned to regular session at 1:50 a.m.

Councilman Hinebaugh moved to send a letter to the Zoning Board of Appeals and Plan Commission, with copies to the IIT developer and attorney, advising that it is the intention and desire of the City Council that the front portion of the former IIT property remain open and not be considered for development during any consideration of zoning or development of this property. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed.

Send letters advising front part of IIT remain open

Councilman Kropp moved that a committee consisting of Councilman Hinebaugh, the City Engineer, Utility Director, and City Attorney be formed for the purpose of negotiating with RDG regarding the sewer oversizing matter. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed.

Form comm to work out sewers with RDG

Councilman Peterson moved to adjourn the meeting at 1:57 a.m. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed.

Mayor

City Clerk

PROCEEDINGS OF THE CITY COUNCIL, CRYSTAL LAKE, ILLINOIS
OCTOBER 2, 1979

The meeting was called to order by Mayor Wehde at 7:35 p.m. On roll call, Councilmen Kropp, Wickham, and Peterson and Mayor Wehde were present. Councilman Hinebaugh was absent. (He arrived later.)

Roll
Call

The following corrections were made to the September 18, 1979 minutes:

1. P. 1, para 6, should read "Councilman Peterson will reserve his comment until conclusion of the investigation by the State's Attorney's Office."
2. P. 4, para 3, should read "Mayor Wehde stated it was suggested at the Work Session"
3. P. 6, Para. 5, should be clarified as "the original open area offered by the developer."

Councilman Peterson moved to approve the minutes of the September 18, 1979 Council Meeting as corrected. Councilman Wickham seconded the motion. On roll call, all present voted aye. Motion passed.

Approve
minutes

Councilman Peterson moved to authorize bills for payment in the amount of \$201,387.40. Councilman Kropp seconded the motion. On roll call, all present voted aye. Motion passed.

Pay bills

It was brought to the attention of the Council by a concerned citizen that there is a broken cable in a traffic counter being used for the Walkup Avenue Traffic Study. The City Manager responded that this will be taken care of, and the traffic count will be adjusted to reflect that the cable was broken.

Mrs. Boss addressed the Council and inquired as to the outcome of Mr. Rhoades' tape. The City Attorney responded that this matter is still pending a response from the State's Attorney's Office, but he stated he will question the status of this matter, and report back to the Council.

Councilman Peterson moved to approve the Zoning Board of Appeals' recommendations regarding the Crystal Lake Ambutal. Councilman Kropp seconded the motion. On roll call, all present voted aye. Motion passed. Councilman Peterson moved to authorize the execution of an Annexation Agreement for the Crystal Lake Ambutal parcel. Councilman Wickham seconded the motion. On roll call, all present voted aye. Motion passed. Councilman Wickham moved to adopt an ordinance annexing the territory of the Crystal Lake Ambutal to the City of Crystal Lake. Councilman Peterson seconded the motion. On roll call, all present voted aye. Motion passed. Councilman Peterson moved to adopt an ordinance zoning the property pursuant to the Annexation Agreement. Councilman Wickham seconded the motion. On roll call, all present voted aye. Motion passed.

Ambutal

Councilman Peterson moved to continue the proposed Arrowstone Annexation public hearing to the next Council Meeting. Councilman Wickham seconded the motion. On roll call, all present voted aye. Motion passed.

Continue
Arrowstone
Annex.

Mr. Lawrence and his attorney, Mr. Zukowski, were present to answer questions concerning Lawrence Bros. Construction Co. Having looked at the alley adjoining this property, the Council felt that this alley should remain open for emergency use, and for the residents who have garages. Mr. Bowman, a resident on Glen Ave., addressed the Council. He stated employees of the construction company use the alley since there is no definite driveway into Lawrence's parking lot. Another Glen Ave. resident stated she only asked that the alley be kept passable in the winter time. It was suggested that Mr. Lawrence put in a drive into his parking lot north of the houses, so that the employees will turn in before they go by these houses. Mr. Lawrence stated he would like to be a "good neighbor" and cooperate if at all possible. Regarding the dust from the alley, Councilman Peterson suggested paving the alley. It was pointed out that this alley was blacktop, and it had just disintegrated into its present condition.

Councilman Peterson moved to designate the alley east of Glen Ave. as a "No Alley east of Through Traffic" route, with signs to be posted at both ends of the alley. Glen to be no Councilman Wickham seconded the motion. On roll call, all present voted aye. through traffic Motion passed.

Councilman Kropp moved to approve the recommendation of the Zoning Board of Appeals and grant a simplified residential variation for 1338 Dolo Rosa. Grant resid. var. for 1338 Dolo Rosa Councilman Peterson seconded the motion. On roll call, Councilmen Kropp and Peterson and Mayor Wehde voted aye. Councilman Wickham was out of the room. Motion passed.

Regarding the proposed resubdivision of the Crystal Lake Motel, Councilman Wickham questioned the fact that the dry well on the property is not working. The motel owner stated McDonalds had the dry well installed, and he will serve notice to them to have it repaired at once. Councilman Wickham was also concerned that to authorize the resubdivision would imply that the City approves of their plan. The City Attorney pointed out that this was not the case, that they were just asking to change the lot line. Councilman Wickham pointed out that extreme caution should be taken on this matter, as it is in Watershed Area #5.

Councilman Kropp moved to approve the recommendation of the Plan Commission Approve resub and approve the proposed resubdivision plat for the Crystal Lake Motel as plat for C.L. presented. Councilman Peterson seconded the motion. On roll call, Councilmen Motel Kropp and Peterson and Mayor Wehde voted aye. Councilman Wickham voted no. Motion passed.

Councilman Peterson moved to accept the preliminary plat for Four Colonies Accept Prelim Units 7 & 8. Councilman Kropp seconded the motion. On roll call, all present Plat Four Colonies Units 7 & 8 voted aye. Motion passed.

Councilman Kropp moved to approve the recommendations of the Plan Commission Approve final and approve the final plat of the Green Corners Subdivision. Councilman plat Green Corners Sub. Peterson seconded the motion. On roll call, Councilmen Kropp and Peterson and Mayor Wehde voted aye. Councilman Wickham passed. Motion passed.

OCTOBER 2, 1979

Regarding the Ridgewood Park Resubdivision, the City Engineer pointed out that the sewer line on Woodstock St. is at a critical overload point right now, and suggested that this development be allowed only if the sewer can be replaced.

At this point, 8:45 p.m., Councilman Hinebaugh arrived at the meeting.

Mr. Kirchner, the former owner of the property in question, addressed the Council and stated when he purchased the property, it was zoned industrial. He then had it rezoned "R-4" and the City approved of this rezoning. He stated he doesn't feel he should be penalized because the sewer is overloaded.

Councilman Peterson moved to continue the Ridgewood Park Resubdivision Final Plat to the next Council Meeting, and to have a search made of the minutes regarding this matter. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Continue Ridgewood Pk Resub

Since no representative was present regarding Jung's Oakwood Acres, it was moved by Councilman Peterson to defer this matter until such a time as a representative can be present for this subdivision. Councilman Kropp seconded the motion. On roll call, all voted aye. Motion passed. Cont. Oakwood Acres

Councilman Kropp moved to adopt the Zoning Reclassification Ordinance for the former IIT property. Councilman Peterson seconded the motion. On roll call, Councilmen Kropp and Peterson and Mayor Wehde voted aye. Councilmen Hinebaugh and Wickham voted no. Motion passed. Adopt Zoning Ord. for IIT property

Regarding the proposed Wedgewood Development, Mr. Fred Roland was present to answer any questions the Council might have regarding the hydrology report. Regarding Councilman Wickham's inquiry, Mr. Roland stated there would be an 8% to 9% reduction of water to Lakewood, and that this would not cause any serious problem. Mr. Roland also stated special measures should be taken on the northern edge of the development for recharge. Mr. Franz, attorney for the developer, addressed the Council, and asked how he should proceed. He was told to submit a draft of the Annexation Agreement. City staff would then review that draft and submit it back to Council for discussion. Councilman Wickham stated he would like to see a new revised sketch plan. Councilman Hinebaugh suggested that Mr. Roland's report should be referred to in the Annexation Agreement. Staff recommendations should be forwarded to the attorney before the next meeting. Roland and Wedgewood

It was moved by Councilman Kropp and seconded by Councilman Wickham to grant a sign variation for Oak Industries, to allow an offsite sign at Main Street to remain. On roll call, all voted aye. Motion passed. Sign var. for Oak Industries

Mr. Brei of Construction Unlimited addressed the Council regarding the Thunderbird Lake Subdivision. He stated he does not want to be in the middle of any "land wars" and did not realize that the Ambutal Annexation was a specific case. He stated he wished to withdraw his request for annexation to the City of Crystal Lake. The Council suggested to first consult with Prairie Grove, and if they were not interested, to come back to Crystal Lake. Thunderbird Lake Sub. withdrew

Councilman Peterson moved to uphold the recommendation from the Building Code Review Committee, and allow a variance to the Building Code Amendment, Section V,

Section 303.13, at 35 E. Crystal Lake Avenue, subject to a written favorable Building Code response from the Fire Chief and Building Director. Councilman Kropp seconded Var. at the motion. On roll call, all voted aye. Motion passed. 35 E CL Ave

Councilman Peterson moved to award the bid for the 1980 City Calendar to Sundberg Printers, Inc. for \$2,725 plus \$3.50 per half-tone picture. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Award calendar bid to Sundberg
It was also suggested that the City contact the Park District and School District and ask them for their important dates and major events to be included in the calendar.

It was moved by Councilman Wickham to approve the proposed policy statement regarding the Council agenda, including a deadline of Thursday at 5:00 p.m. for items to be placed on the agenda. The motion was seconded by Councilman Peterson. On roll call, all voted aye. Motion passed. Approve agenda policy statement

It was pointed out that anyone could address the Council during the public presentation portion without being on the agenda.

The selection of a Planning Consultant was continued to the next Council Meeting Cont. to give all members of Council a chance to review the qualifications of the applicants. Planning Consultant

The City Manager reported that the Truck Route Study has been completed, and would be passed out tonight. He stated a police officer will be present at the next Council Meeting to answer any questions regarding the study.

The City Manager read a letter from Mr. John Leung, stating he was resigning as Planner from the Planning Department effective October 12, for personal reasons.

Mayor Wehde read a letter from the Crystal Lake Chamber of Commerce inviting members of the Council and Staff to attend their annual conference on Thursday, November 1, at the Woodstock Center.

Mayor Wehde passed out the credentials of a person interested in appointment to the Zoning Board of Appeals. Councilman Kropp moved to accept the appointment of Robert Geddis, 97 Newcastle Court, to the Zoning Board of Appeals. Councilman Hinebaugh seconded the motion. On roll call, all voted aye. Motion passed. Geddis appointed to ZBA

The Mayor announced the following persons will serve on the advisory committee for the City's Step I Facilities Planning Program: Step I Facilities Planning Program Committee

John Yerly
Harry Benoy
Bob Wise
Dick Schafer
Member of the Chamber of Commerce to be named
Arlene Fetzner - Consultant
Joe Misurelli will serve as Coordinator

OCTOBER 2, 1979

Councilman Kropp moved to go into Executive Session at 10:18 p.m. to consider Executive a personnel matter. Councilman Hinebaugh seconded the motion. On roll call, Session all voted aye. Motion passed.

The Council returned to regular session at 11:17 p.m.

City Manager Victor Denton announced his resignation effective immediately. Accept Councilman Peterson moved to accept the resignation of Mr. Denton. Councilman resignation Kropp seconded the motion. On roll call, Councilmen Peterson and Kropp and of Denton Mayor Wehde voted aye. Councilmen Hinebaugh and Wickham voted no. Motion passed.

Councilman Kropp moved to pay Mr. Denton for 120 days rather than the usual Extend pay 60 days, with benefits extended also. Councilman Wickham seconded the motion. and benefits On roll call, all voted aye. Motion passed. for 120 days for Denton

Councilman Kropp moved to adjourn the meeting at 11:20 p.m. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Adjourn

Mayor

City Clerk

PROCEEDINGS OF THE CITY COUNCIL, CRYSTAL LAKE, ILLINOIS
OCTOBER 16, 1979

The meeting was called to order at 7:35 p.m. by Mayor Wehde. On roll call, Councilmen Kropp and Peterson and Mayor Wehde were present. Councilmen Hinebaugh and Wickham were absent, however, they arrived within a few minutes. Roll Call

Regarding the October 2, 1979 minutes, Mayor Wehde suggested the following correction: P.2, 3rd paragraph from the bottom, regarding the Crystal Lake Motel, should also include "subject to engineering approval."

Councilman Peterson moved to approve the minutes of the October 2, 1979 meeting as corrected. Councilman Kropp seconded the motion. On roll call, all present voted aye. Motion passed. Approve October 2 minutes

At this time, 7:37 p.m., Councilman Hinebaugh and Councilman Wickham both arrived.

Councilman Peterson moved to approve the minutes of the October 9, 1979 meeting as presented. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Approve October 9 minutes

Councilman Peterson moved to authorize bills for payment in the amount of \$62,990.52. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Pay bills

Mr. Zukowski addressed the Council on behalf of the proposed Arrowstone Annexation. He pointed out the following corrections in the Annexation Agreement:

P. 4, eliminate paragraph 5, since this matter is covered in paragraph 11.

P. 5, Para. 7, should read "It is understood that the City's obligation to maintain streets, etc. shall be conditioned upon their completion and acceptance by the City Engineer."

P. 7, Para. 10 insert "subject to approval of the City Engineer made prior to the approval of any plat or PUD."

P. 9, Para. 10c, insert "The contractor is to provide sewers in compliance with recommendations of City Engineer, prior to connection and use of the facilities."

P. 11, Para. 13, should read, "Provide that the developer pay \$300 per acre for residential uses, and \$100 per acre for non-residential uses."

P. 4, change the date of the sketch plan from August 29, to August 1.

Councilman Wickham moved to approve the Arrowstone Annexation Agreement subject to the changes made and the corrections and language on Exhibit "C". Councilman Kropp seconded the motion. On roll call, Councilmen Kropp, Wickham, and Peterson and Mayor Wehde voted aye. Councilman Hinebaugh voted no. Motion passed. Councilman Peterson moved to adopt an ordinance authorizing the Mayor and City Clerk to execute the Annexation Agreement as amended. Councilman Kropp seconded Approve Arrowstone Annex.

the motion. On roll call, Councilmen Kropp, Wickham, and Peterson, and Mayor Wehde voted aye. Councilman Hinebaugh passed. Motion passed. Councilman Wickham moved to adopt an ordinance annexing the Arrowstone territory to the City of Crystal Lake. Councilman Peterson seconded the motion. On roll call, Councilmen Kropp, Wickham, and Peterson and Mayor Wehde voted aye. Councilman Hinebaugh passed. Motion passed. Councilman Wickham moved to adopt the ordinance zoning the property in accordance with the Annexation Agreement. Councilman Kropp seconded the motion. On roll call, Councilmen Kropp, Wickham, and Peterson and Mayor Wehde voted aye. Councilman Hinebaugh voted no. Motion passed.

Councilman Kropp moved to continue the proposed Wedgewood Annexation public hearing to the November 6, 1979 Council Meeting. Councilman Hinebaugh seconded Wedgewood the motion. On roll call, all voted aye. Motion passed. Continue to Nov. 6

It was moved by Councilman Hinebaugh and seconded by Councilman Kropp to continue the Coleman/Keating public hearing to the November 20th Council Meeting. On roll call, all voted aye. Motion passed. Continue Coleman/Keating

There was no representative present for the Oakwood Acres Subdivision, and the Acting City Manager reported that they are withdrawing the plat consideration at this time.

The Council felt it had a moral obligation to the developer of the Ridgewood Park Subdivision. The project would not be started until March or April of 1980 and would not be tapping onto the sewer until next winter. The City Engineer and Director of Utilities felt sewer repairs could be made by that time, and this development would not present a problem.

Councilman Hinebaugh moved to approve the final plat of resubdivision of the Ridgewood Park development. Councilman Peterson seconded the motion. On roll call, Councilmen Kropp, Hinebaugh, and Peterson, and Mayor Wehde voted aye. Councilman Wickham passed. Motion passed. Approve final plat Ridgewood Pk

Councilman Hinebaugh moved to authorize staff to prepare plans for reconstruction of the portion of the sewer which has been discussed regarding Ridgewood Park. Councilman Peterson seconded the motion. On roll call, all voted aye. Motion passed. Plans for sewer repairs for Ridgewood Pk

It was moved by Councilman Kropp to adopt an ordinance granting a zoning variation at 1338 Dolo Rosa Lane. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Zoning var. 1338 Dolo Rosa Ln.

Police Officer Randall Smith was present at the meeting to answer any questions the Council might have regarding the Truck Route Study. Councilman Hinebaugh moved to direct staff to draft the ordinances necessary to implement the Truck Route Study. Councilman Kropp seconded the motion. On roll call, all voted aye. Motion passed. Draft ordinances for truck study

Councilman Hinebaugh moved to accept the bid from Stanton Equipment in the amount of \$91,405.00 for the purchase of a replacement sewer jet. Councilman Peterson seconded the motion. On roll call, all voted aye. Motion passed. Purchase sewer jet Stanton

It was moved by Councilman Peterson and seconded by Councilman Hinebaugh to accept a bid from Ormsby Motors in the amount of \$5,306.89 for the purchase of a $\frac{1}{2}$ ton pickup truck. On roll call, all voted aye. Motion passed. Purchase $\frac{1}{2}$ ton pickup truck-Ormsby

Councilman Peterson moved to accept a bid from Benoy Motors in the amount of \$10,725.00 for the purchase of two automobiles. Councilman Hinebaugh seconded the motion. On roll call, all voted aye. Motion passed. Purchase 2 autos from Benoy

The Acting City Manager reported that on October 4 bids were opened for the RTA Para-Transit Service. He stated that the RTA is presently reviewing these bids and should be making their recommendations shortly. Matters being reviewed are price, service hours, ability to begin service, and how they will handle service. He suggested calling a special meeting on October 23 to discuss this matter.

Councilman Wickham moved to have a special meeting on October 23 to review the RTA Paratransit Bids and to possibly interview planning consultants at this time also. Councilman Peterson seconded the motion. On roll call, Councilman Wickham and Mayor Wehde voted aye. Councilmen Kropp, Hinebaugh, and Peterson voted no. Motion defeated.

Councilman Kropp moved to have a special meeting on October 23, to review the Paratransit bids only. Councilman Peterson seconded the motion. On roll call, all voted aye. Motion passed. Call special meeting Oct. 23 Paratransit bids

It was moved by Councilman Peterson and seconded by Councilman Hinebaugh to adopt an ordinance establishing the alley east of Glen Avenue, between Rte 176 of Glen and Sherman Street as a "No Through Traffic Route." On roll call, all voted aye. Motion passed. Alley east of Glen no through rte.

Councilman Hinebaugh moved to adopt an ordinance amending the Subdivision Ordinance. Councilman Wickham seconded the motion. On roll call, all voted aye. Motion passed. Amend the subdivision ordinance

Councilman Hinebaugh moved to increase the fee for a regular passenger motor vehicle license sticker to \$10.00, with corresponding increases for other categories, however, senior citizens will still pay \$1.00. Councilman Peterson seconded the motion. On roll call, Councilmen Kropp, Hinebaugh, and Peterson and Mayor Wehde voted aye. Councilman Wickham voted no. Motion passed. Increase vehicle stickers

It was moved by Councilman Peterson and seconded by Councilman Hinebaugh to approve a request for a sign at the northwest corner of Brink and Williams Streets for a bazaar on November 5 and 6. On roll call, all voted aye. Motion passed. Approve sign for bazaar Nov 5 & 6

The Mayor stated that Council had received a draft from the Community Goals Committee and stated the Chairman, Mr. Bob Wise, would like a written response or a phone call no later than October 23 regarding any constructive criticism or areas of concern.

Councilman Peterson reported he attended an airport meeting and stated that there are no funds in the present budget for Crystal Lake. He stated that

there is a possibility that funds will be available in October, 1980, but cautioned that this is only a possibility.

Mayor Wehde stated he received a phone call regarding the house that burned down on Faringdon Dr. The City Attorney reported that legal measures have been taken and a court date will soon be set. He stated all that can be done has been done at this time.

Councilman Wickham stated he would like to receive a copy of the Elgin Ordinance concerning marijuana and paraphernalia.

Councilman Wickham moved to go into Executive Session at 9:22 p.m. to consider Executive land acquisition and personnel. Councilman Peterson seconded the motion. On Session roll call, all voted aye. Motion passed.

The Council returned to regular session at 9:59 p.m.

Councilman Kropp moved to adjourn the meeting at 10:02 p.m. Councilman Wickham Adjourn seconded the motion. On roll call, all voted aye. Motion passed.

A handwritten signature in cursive script, reading "Carl Wehde", is written over a horizontal line.

City Clerk

**PROCEEDINGS OF THE CITY COUNCIL
JUNE 4, 1996**

The City Council meeting was called to order at 7:30 p.m.	CALL TO ORDER
On roll call, Councilmembers Chamberlain, Christensen, Hayden, Nystrom were present. Mayor Wagner was absent.	ROLL CALL
Councilwoman Chamberlain moved to appoint Councilman Hayden as Mayor Pro-Tem. Councilman Nystrom seconded the motion. On roll call, all present voted aye. Motion passed.	MAYOR PRO-TEM
Councilman Hayden led the Council and the public in the Pledge of Allegiance.	PLEDGE OF ALLEGIANCE
Councilwoman Chamberlain moved to approve the minutes of the May 21, 1996 regular City Council meeting. Councilman Christensen seconded the motion. On roll call, all present voted aye. Motion passed.	APPROVAL OF MINUTES
Councilwoman Chamberlain moved to approve the Accounts Payable pertaining to Fiscal Year 1995/96 in the amount of \$13,061.32, and the Accounts Payable pertaining to Fiscal Year 1996/97 in the amount of \$1,017,044.18. Councilman Christensen seconded the motion. On roll call, all present voted aye. Motion passed.	ACCOUNTS PAYABLE
Councilman Nystrom asked for a moment in silence in honor of Mayor Wagner's father who had passed away.	MOMENT OF SILENCE
Mayor Pro-Tem Hayden asked if anyone in the audience wished to speak about any matters not included on the agenda.	PUBLIC PRESENTATION
William Kreitzmire, 910 Country Club Road, stated that he was concerned about the recent flooding in his neighborhood due to the heavy rains. He said that he was concerned that the Wedgewood Development had somehow diverted water onto Country Club Road. He stated that he has never had a flooding problem before, and that his house does not even have a sump pump. He stated that the City staff had been very responsive to his call, and that the Wedgewood Developer has now corrected the problem, but he asked what assurance there was that this would not happen again. The City Manager stated that because of the City's efforts, the developer had corrected the problem of the water flowing north onto Country Club Road and that the City staff was monitoring the situation very closely to be certain that it would not happen again. The City Engineer stated that they were working with the developer to make sure that the berm is built to the original plan and that other modifications made by the developer diverting the water onto Country Club Road had been corrected. He stated that a letter	

had been sent to the developer outlining the Engineering Department's requirements for stormwater management. Mr. Kreitzmire asked if he could have a copy of the letter, and the City Manager replied that he would be happy to send a copy to him.

Mr. Krietzmiere stated that he had heard that the planned access road into the Wedgewood Development from Country Club Road was 2-1/2 feet above the level of his driveway. The City Engineer stated that those plans had been revised, and that the Engineering Department would monitor the construction of the road closely.

Councilman Christensen asked what recourse the City would have with the developer to require compliance. The City Manager stated that would depend on the circumstances, but that the developer is required to post a letter of credit which could be pursued for incomplete work, or if the developer modifies or changes approved plans, it could be pursued by enforcement action under City Codes. The City Attorney agreed that there were a variety of actions that the City could pursue, including temporary or permanent injunctions and the letter of credit.

Irene Marhoff, 858 Camelot Drive, read a prepared statement regarding the City Manager and that the Mayor had tried to restructure the City government and fire the City Manager. She stated that she believed the City Manager and the staff were doing an excellent job and that the Mayor should keep his campaign promises to work in the best interests of the City. She stated that her already very low tax bill for City services last year dropped significantly, and asked how many other cities could accomplish that. She stated that since the Mayor was not in attendance at the meeting, she would mail a copy of her comments to him.

The Council considered the Consent Agenda.

CONSENT AGENDA

**2. Approved a request from Heirloom Furniture to conduct a special promotion tent sale outside the store at the Country Corners Shopping Center in conjunction with the Chamber of Commerce sponsored City-wide sidewalk sale from July 11, 1996 through July 14, 1996.*

**3. Approved a request from Hallmark Homes for a Temporary Use Permit to allow a Contractor's Office/Equipment Shed in the Woodcreek Subdivision, located west of Golf Course Road and south of Ackman Road, for a one year period, subject to renewal.*

**4. Approved a request from Ace Hardware in the Crystal Point Mall Shopping Center for a Temporary Use Permit in order to allow the seasonal sale of garden plants from June 5, 1996 to October 5, 1996.*

**5. Approved a request from Opfer and Stuckman Construction, Inc. for a renewal of the Temporary Use Permit allowing a Real Estate Sales Office at 1294 Hunter's Trail in the Hunter's Ridge Subdivision, for a one year period through June 4, 1997, subject to renewal.*

Councilman Nystrom mentioned that he had noticed that Wal-Mart had placed pallets of seasonal plants in their parking lot and that he thought they had been granted a Temporary Use Permit to allow plants on their sidewalk only. The City Manager stated that the Staff would look into the matter.

The Council considered the proposed draft Downtown Plan that would be ultimately a portion of the overall revised Comprehensive Plan for the City. Jeff Faye, President of the Crystal Lake Downtown Association, and Al Gould of the Downtown Association, were present. The City Manager asked the City Planner to present the highlights of the plan.

DOWNTOWN PLAN

The City Planner stated that on Page 42 of the Plan, short term, mid-term, and long term goals were listed, and he stated that it was indicative of the commitment of the City and the Downtown that many of the goals had either already been implemented or were currently in progress.

Councilman Nystrom asked about the progress of the McHenry County Conservation District bike path through the downtown area. The City Manager stated that the City had developed several alternative routes and the process was now narrowing those down to a route that everyone was comfortable with. The City Planner stated that it was hoped that the downtown area would become a destination for bike path travelers.

The City Manager provided a historical perspective of the improvements previously planned and implemented in the downtown area as a result of previous Downtown Plans, including extending Brink Street to Walkup Avenue, realigning Brink Street at Main Street and extending Woodstock Street from Williams Street to Main Street, then establishing the Tax Increment Financing (TIF) District in the early 1980's, which fostered the development of the Brink Street Market, and the streetscape and lighting improvements, etc.

Mayor Pro-Tem Hayden thanked the members of the Downtown Steering Committee for their efforts in developing the plan. Councilman Nystrom added that the Plan Commission had worked with the Steering Committee on developing the plan. Mr. Faye thanked the City Staff for their assistance.

Regarding the mid-term goals, Councilman Christensen asked if zoning and signage regulation amendments would come back before the Council for approval on an individual basis. The City Manager stated that the new Sign Ordinance would split out aspects for downtown, and that the zoning for downtown was a unique B-4 category. Councilman Christensen stated that adopting the Downtown Plan would provide a

framework for an overall goal for downtown. The City Manager agreed, stating that any specific ordinance changes would come back before the Council.

A man in the audience asked about the extension of Walkup Avenue. Mayor Pro-Tem Hayden replied that all references to the extension of Walkup Avenue had been deleted from the draft Downtown Plan.

Helen Halverson, 272 College Street, asked about the old and vacant buildings on Williams Street and if the City could help financially in restoring those buildings. Mayor Pro-Tem Hayden stated that the Historic Preservation Commission would be addressing those issues. The City Manager stated that with the renewed interest in the downtown area because of the TIF program and the Main Street program, businesspeople are looking at vacant buildings downtown and restoring them. He stated that a rehabilitation loan pool could be done through the TIF program, and although there were limited resources, the Staff would review the possibility of low interest loans to improve the facades of buildings through TIF or the County Community Development Block Grant (CDBG) Program. He stated that the Main Street Program also places emphasis on building facades. Councilman Nystrom stated that properties were selling downtown and renovations were being done. Mr. Faye stated that the downtown's vacancy rate was a very low 8%, and with the possibility of getting the State to allow directional signage to downtown, it should increase awareness of the area.

Mrs. Hinneberg asked about the park area at Woodstock Street and Walkup Avenue. Mr. Faye stated that the intent was to provide a connecting view corridor between the downtown area and the Municipal Complex. Mayor Pro-Tem Hayden clarified that the plan was conceptual, and that any actual plans for the area would have to go through the review process.

Councilman Nystrom moved to approve the proposed draft Downtown Plan. Councilman Christensen seconded the motion. On roll call, all present voted aye. Motion passed.

The City Manager stated that the petitioner had requested that the next item on the agenda, consideration of closing Williams Street for the Downtown Sidewalk Sale, be postponed to another Council meeting.

DOWNTOWN
SIDEWALK
SALE

Fire/Rescue Chief Rick Nebel introduced Brian Hansen of the Allstate Foundation and announced that the Allstate Foundation had donated \$10,000 to the Fire/Rescue Association to help purchase a special Winnebago trailer to be used as a learning tool

ALLSTATE
FOUNDATION
DONATION

for children regarding fire safety. He stated that the unit should arrive in time to be in the 4th of July parade.

Katherine Beringer, 390 Linn Avenue, proposed that the Council consider making new classifications for Class A liquor licenses, as the current Class A license allows for the retail sale for consumption as well as the retail sale of liquor in the original package. She stated that most restaurants which have Class A licenses do not sell liquor for take out like a liquor store. She proposed making new classifications eliminating the option of retail sale in the original package and possibly reducing the license fee. She stated that her reasons for proposing such licenses would be to have one less source for underage kids to obtain liquor, and alleviate some of the burden on the Police Department in monitoring such sales. She stated that in 1994, there were 77 arrests for underage drinking, and in 1995, there were 62 arrests, but that was still 62 too many.

LIQUOR LICENSE
CLASSIFICATION
PRESENTATION

Councilman Nystrom stated that there were liquor license violations in February that are still pending some action by the City, and he apologized to the community for that. Councilman Nystrom asked if the Liquor Commissioner was supposed to do something regarding the violations. The City Manager stated that the City had prosecuted the violations relative to the individuals charged. The City Attorney stated that all criminal complaints against people selling liquor to minors had been prosecuted or are in that process, but that as far as any action against the liquor license holders, it was up to the Liquor Commissioner to determine that, and there had been no action by the Liquor Commissioner thus far.

Councilman Christensen asked if the City policy makers should become involved in this matter. Councilman Nystrom stated that he would like to suggest that the Liquor Commissioner act in a prudent and responsible manner. Councilman Christensen asked if the Council could revoke a liquor license. Councilman Nystrom stated that any such penalties could only be imposed by the Liquor Commissioner. Councilman Nystrom stated that he supported the Police Department's actions, saying that some of the liquor establishments had claimed that the Police had dressed minors like 26 year olds to buy liquor, but that it would be only natural for a teenager to try to look older when attempting to purchase liquor. Councilman Christensen stated that the Police Department even warns establishments that they are going to be conducting sting operations, so there was no excuse. Councilman Christensen stated that he would like to direct the Staff to develop language for the Council's consideration regarding Ms. Beringer's request for new liquor license classifications.

Katherine Beringer read a petition signed by 132 people demanding that the City Council refer to staff the liquor license issuance for the Depot Bar & Grille to be located at 75 E. Woodstock Street; that the Liquor Commissioner, Mayor Robert

REQUEST RE
DEPOT BAR &
GRILLE LIQUOR
LICENSE

Wagner, put the decision of licensing the establishment to a vote of the City Council and abide by that vote, and that the Mayor and City Council vote against the issuance of any liquor license to that facility. Ms. Beringer displayed an illustration of the layout of the planned restaurant, stating that the petitioner had misrepresented it as a "family" restaurant to the City Council. She stated that there was possible seating for 90 in the bar area, 59% of the total restaurant seating. She stated that many students of the Judith Svalander School of Dance attend classes at night, and the proximity of the bar to the school was in violation of the City Code. She presented a copy of a letter from State Rep. Cal Skinner, urging the Council to reconsider the creation of a liquor license for the restaurant. She stated that since the Liquor Commissioner could not issue a license yet because no certificate of occupancy had been issued for the restaurant since no renovation had even taken place yet, the Council must take action now. She stated that the City Attorney had advised her that the City has no legal obligation to issue the license even though it has been created, but she asked the Council to take action to reduce the number of available liquor licenses so that one could not be issued to the Depot Bar & Grille.

Mayor Pro-Tem Hayden stated that when Mr. Boudros, the owner of 75 East Woodstock Street, had come before the Council, the staff report had stated that a Special Use Permit for a bar/lounge was not necessary since it was a restaurant, and he felt he had been duped by the petitioner, as it appeared to him to be more of a bar than a family type restaurant. Councilman Nystrom stated that he was not duped and had voted no on the petition because of the liquor and the limited parking in the area. Mayor Pro-Tem Hayden asked what recourse the Council would have. The City Attorney replied that the Council had granted a zoning variation request for the Depot Bar & Grille, and that could not be taken away without a hearing. He stated that the Council does have the authority to create and reduce the number of available liquor licenses.

Mayor Pro-Tem Hayden moved to reduce the number of available Class A liquor by one. Councilman Nystrom seconded the motion.

Councilman Christensen stated that there were quite a number of bar stools shown on the plan and it was obvious that they planned to sell a lot of liquor, but one of his children's favorite restaurants is Applebees, which he felt does not put a lot of inebriated people on the street. He stated that when his daughter attended the nearby ballet school, she waited inside until she was picked up. He said that the Olympic Restaurant on the corner of Woodstock Street and Williams Street, and Belletini's on Williams Street also are nearby and sell liquor. Ms. Beringer stated that because Williams Street was one-way, it directed traffic away from the ballet school. Councilman Nystrom added that the Olympic Restaurant closes at 7:00 p.m. Ms.

Beringer stated that restaurants like Applebees or Friday's do not have a dance floor such as planned for the Depot Bar & Grille, and that most of such restaurants have bars in the front where customers wait for tables, not in the back like the Depot Bar & Grille's. Councilman Christensen stated that he felt the Depot Bar & Grille needed to sell liquor to survive, but that he would not be adverse to asking them to reduce the bar area and add more restaurant seating. Ms. Beringer agreed, stating that the Council would have a bargaining chip in the availability of a liquor license. Mayor Pro-Tem Hayden stated that he would prefer to discuss the matter with Mr. Boudros present, but that the Council could still take action to eliminate the available liquor license immediately. He stated that he supported having a restaurant at the location, but not a bar. Councilman Christensen asked how the Council could require a modification of the plan. The City Manager answered that there was not much the Council could do if the plan met building codes, unless the petitioner was to come back before the Council for some other variation. Councilman Christensen stated that he would prefer to have Mr. Boudros present for any further discussion and he was not in favor of taking any immediate action regarding the liquor license. Councilman Nystrom mentioned the El Burrito's "no eat - no drink" policy. Mayor Pro-Tem Hayden stated that Mr. Boudros needed to convince him that the facility was going to be a family type restaurant. He stated that the Council could create another liquor license at that time, and possibly restrict the hours for serving liquor.

Bob Fox, 1689 Deerhaven Drive, urged the Council to take no action until the property owner was present.

Edna McCall of The Flag Store at 69 North Williams Street, stated that she was appalled at the Council's discussion, that the building had been vacant for 25 years and that Mr. Boudros knows how to run a restaurant. She stated that she had attended the Zoning Board of Appeals meeting and the City Council meeting when the restaurant was discussed, and no one objected to the liquor license. Ms. Beringer stated that no one was notified that the facility was going to be a bar and not a restaurant.

A woman in the audience stated that she goes to monthly evening meetings at the Hob Nob restaurant and is appalled by what she sees going on in the parking lot. She urged the Council to not allow a bar near the ballet school. She stated that there is a risk that the ballet school would move, and she did not feel it was right to sell out the City's integrity to fill up buildings. She stated that Geneva, Illinois and Barrington remain unique and popular shopping areas because they have not sold out their integrity. A woman in the audience stated that the name of the restaurant is the Depot Bar & Grille, so she did not see why anyone was surprised that it was going to be a bar and sell liquor.

Councilman Nystrom called the question.

On roll call for the motion to reduce the number of available Class A liquor licenses by one, Councilmembers Chamberlain, Christensen and Mayor Pro-Tem Hayden voted no. Councilman Nystrom voted aye. Motion failed.

Councilwoman Chamberlain moved to table discussion on the matter until the June 18, 1996, regular City Council meeting and invite the petitioner to attend. Councilman Christensen seconded the motion. On roll call, all present voted aye. Motion passed.

Mayor Pro-Tem Hayden explained that a petition had been received from residents asking that truck traffic be prohibited in the alley behind their homes. Mary Oberhart, 202 Glen Avenue, was present to represent the request. Councilman Christensen moved to adopt an ordinance to be published in pamphlet form by the authority of the Mayor and City Council prohibiting truck traffic for any vehicle in excess of a Class B license plate as issued by the State of Illinois on the unimproved alley located within the block bounded by Route 176, Illinois Street, Glen Avenue and Sherman Street. Councilwoman Chamberlain seconded the motion. On roll call, all voted aye. Motion passed.

PROHIBIT TRUCK
TRAFFIC IN
ALLEY

Mayor Pro-Tem Hayden stated that he had received a call from State Rep. Cal Skinner asking for support of Senate Bill 1260, which states "The sum of \$8,000,000 or so much thereof as may be necessary, is appropriated from the Road Fund to the Department of Transportation for costs associated with the widening of Algonquin Road from Route 31 to Randall Road in McHenry County". Mayor Pro-Tem Hayden stated that the Council had also received a letter from the McHenry County EDC in support of the bill. Councilman Christensen moved to adopt the resolution, and to add the word "unanimous" if the Mayor agreed when he returned. Councilwoman Chamberlain seconded the motion. On roll call, all voted aye. Motion passed. Mayor Pro-Tem Hayden requested that copies of the resolution be sent to Governor Edgar and State Rep. Cal Skinner.

RESOLUTION
SUPPORTING
SB1260

The City Manager explained that although the Council had previously adopted an ordinance establishing Special Service Area #42, which would provide for additional property taxes upon the property bounded by Route 31, Route 14, and Sands Road north of the Holiday Inn property, excluding the Hob Nob Restaurant area, in order to provide for various public improvements, the developers of the Twin Ponds Marketplace had decided that instead of submitting waivers, to wait the 60 day period for petitions of objection, and that there had been no petitions of objection filed, and that the Council would need to adopt a replacement ordinance reflecting this. Councilwoman Chamberlain moved to adopt an ordinance to be published in pamphlet

ORDINANCE
ESTABLISHING
SSA 42

form by the authority of the Mayor and City Council establishing Special Service Area #42. Councilman Christensen seconded the motion. On roll call, all voted aye. Motion passed.

Councilman Nystrom asked how the preliminary engineering plans were coming along on the Twin Ponds Marketplace project. The City Manager stated that they were at the final engineering stage, and had already provided a first submittal, and plans were underway for the sewer extension. The Development Project Coordinator stated that the staff reviews would start that Friday. Councilman Nystrom asked about the traffic signalization at Route 14 and Sands Road. The Development Project Coordinator stated that the Illinois Department of Transportation requires that a traffic study be done for three to six months after the shopping center is open to determine if the warrants are met before they will allow traffic signals to be installed. The City Manager stated that sometimes in the past IDOT had allowed the signals to be placed but not energized. The City Engineer stated that they had already discussed that with IDOT, and since Route 14 is a Strategic Regional Arterial, they will not allow the signals to be constructed until after the traffic study is conducted. Councilman Nystrom asked if the City Engineer was confident the warrants would be met. The City Engineer replied that it would seem obvious that the warrants would be met, but that IDOT was not convinced since the Huntley Outlet Mall on Route 47 has been open for more than a year and still does not meet the warrants for signalization.

The City Manager stated that 19 unbuildable, unimproved lots which had been donated to the City years ago were recently subject to an auction process by the City, and since the bids were in excess of the appraised value, the Council was requested to adopt an ordinance providing for the sale of the property. Mayor Pro-Tem Hayden asked what the lots were going to be used for and where they were located. The City Manager stated that they were located west of Huntley Road, south of Fair Oaks and east of Briarwood Road. He stated that the lots were in the City limits, so the use of the property would be subject to City ordinances. Councilman Christensen moved to adopt a resolution authorizing the sale of the property. Councilwoman Chamberlain seconded the motion. On roll call, all present voted aye. Motion passed.

ORDINANCE
AUTHORIZING
SALE OF LOTS

Councilman Christensen moved to cancel the regular City Council meetings scheduled for July 2 and July 16 and to have one Council meeting in July on July 9, pending the availability of the Mayor. Councilwoman Chamberlain seconded the motion. On roll call, all voted aye. Motion passed.

JULY COUNCIL
MEETINGS

Mayor Pro-Tem Hayden read excerpts from an article that appeared in the Illinois Municipal Review regarding requiring new development to pay its own way. He stated that the City has stood for the policy for the past 17 years under the current City

COUNCIL
INQUIRIES AND
REQUESTS

Manager. He asked the City Manager to give some examples. The City Manager stated that the new Water Treatment Plant #4 at \$4 million and the new Wastewater Treatment Plant #3 at \$6 million had been built at no cost to taxpayers. The City Clerk added that the Municipal Complex had also been built at no cost to taxpayers, and asked the City Manager how much it had cost to build. The City Manager answered that it had cost \$3.3 million.

Councilman Christensen stated that he did not feel the City had charged enough for school impact fees, and that he was in favor of reassessing them. Councilman Nystrom stated that the School Districts encompass a much larger area and more municipalities than the City's 16 square miles, and that those other municipalities had not done their part. He stated that Crystal Lake taxpayers were taking the brunt of the school tax burden because other municipalities had not done their share. He suggested the City's leadership contact those other communities regarding paying impact fees to the schools.

The City Manager stated that the Union Pacific Railroad was going to be making improvements to the rail crossing on East Crystal Lake Avenue.

CITY MANAGER'S REPORT

The City Manager announced that the City had obtained 91% of \$871,000 in Surface Transportation Funds available through the McHenry County Council of Mayors. He stated that \$398,000 had been granted to the City for the bike path underpass and dual turn lanes at Main Street and Route 14, and that \$393,000 had been granted to the City for reconstruction of Erick Street.

Councilman Nystrom stated that this is not the first time that the City had received such grant funding, and it was due to the City Manager's efforts.

Helen Halverson, 272 College Street, stated that she was worried about safety in the underpass. The City Manager stated that the underpass would be wide, well lighted, and could have security cameras installed, if necessary. He stated that it would not be a long tunnel. A man in the audience stated that the bike path was closed after dark, anyway.

The City Clerk mentioned that he often receives phone calls from other City Clerks commenting on the Crystal Lake's success, and that he attributed Crystal Lake's good reputation to the City Manager's efforts.

The City Manager displayed photographs of construction on Water Treatment Plant #5.

Councilwoman Chamberlain moved to adjourn to Executive Session to discussion personnel and land acquisition at 10:05 p.m. Councilman Nystrom seconded the motion. On roll call, all present voted aye. Motion passed.

EXECUTIVE
SESSION

The Council returned to regular session at 10:54 p.m.

There being no further business, Councilman Nystrom moved to the meeting at 10:55 p.m. Councilwoman Chamberlain seconded the motion. On roll call, all present voted aye. Motion passed.

ATTEST

City Clerk

The City of Crystal Lake
PROCEEDINGS OF THE CITY COUNCIL
Regular Meeting
August 20, 2019

Call to Order

Mayor Shepley called the meeting to order at 7:30 p.m.

Roll Call

Mayor Aaron Shepley and Councilmembers Ellen Brady, Ralph Dawson, Cathy Ferguson, Haig Haleblan, and Brett Hopkins were present. Councilman Cameron Hubbard was absent. City Clerk Nick Kachiroubas was present.

Also present were City Manager Gary Mayerhofer, City Attorney John Cowlin, Director of Finance George Koczwara, Director of Community Development Michelle Rentzsch, Director of Public Works Mike Magnuson, City Engineer Abby Wilgreen, and Chief of Police Jim Black.

Pledge of Allegiance

Mayor Shepley led the Council and the audience in the Pledge of Allegiance.

Proclamation

Mayor Shepley recognized Crystal Lake resident Paul Rogawski for his four years of service in the Air Force during the Korean War. Mr. Rogawski, who sustained injuries while serving his country, participated in the Lake County Honor Flight #16 on August 17-18, 2019.

Approval of Minutes

Councilwoman Brady moved to approve the minutes of the August 6, 2019 Regular City Council meeting. Councilman Hopkins seconded the motion. On voice vote, all present voted yes. Motion passed.

Accounts Payable

Councilwoman Ferguson moved to approve the Accounts Payable in the amount of \$3,259,357.88. Councilman Hopkins seconded the motion. On roll call, all present voted yes except in order to avoid any possible conflict of interest, Mayor Shepley abstained on payments to Centegra Occupational Health or Northwestern McHenry Hospital or any related entities. Motion passed.

Public Presentation

Mayor Shepley asked if anyone in the audience wished to speak on matters of general public interest or concern not included in the regular agenda, advising that they would be given an opportunity to speak when the agenda item was considered. No one wished to speak.

Mayor's Report

None.

City Council Reports

Councilwoman Brady said she is thrilled that McHenry Avenue is finally opened.

Consent Agenda

Councilwoman Brady moved to approve a Consent Agenda consisting of Items 10a, with the addition of Items 11, 12, 13, 14, and 21. Councilwoman Ferguson seconded the motion. Mayor Shepley asked if anyone in the audience wished to comment on any of the listed items, noting that without any objection, they would most likely be approved. No one wished to comment. On roll call, all present voted yes. Motion passed.

10. *a. Approved the Kiwanis Club for Kids application for a Special Event for the Santa Run on December 1, 2019 pursuant to the recommended conditions and waiver of the Special Event (\$50) and Police Department chargeback fees (approximately \$1,460).*
11. *Adopted an Ordinance increasing the number of liquor licenses from the currently permitted 31 licenses to 32 licenses, in order to allow for the issuance of a new Class 13 liquor license to BAARD Gas Station, LLC, located at 4811 Northwest Highway.*
12. *County Zoning Request – Shepherd Capital, 5430 E. Hillside Road – No Objection.*
13. *Approved the Planning and Zoning Commission recommendation and adopted an Ordinance granting the variation for the parking lot landscape screen for the parking lot accessed from Terra Cotta Avenue at Veteran Acres at 431 N. Walkup Avenue.*
14. *Adopted a Resolution authorizing the City Manager to execute an intergovernmental agreement between the City of Crystal Lake and the Woodstock Community School District No. 200 for the indemnification of the use of school impact fees.*
21. *Board and Commission Appointments and Reappointments:
Approved the reappointments of Larry O'Meara (term expiring June 30, 2022) and Lori Parrish (term expiring June 30, 2021) to the Fire and Police Commission.
Approved the nomination of Cary Waxler to the Library Board for a three-year term, expiring June 30, 2022.
Approved the nomination of Lara Smith, Loretta "Nicky" Strahl and Joe Babiarz to the Sustainability Committee.*

Mike Splitt, from the McHenry County Santa Run, thanked the City Council for their approval and explained how the event raises funds for not-for-profit organizations.

Mayor Shepley recognized Mr. Splitt for his efforts in working with these races and efforts in the community.

Mayor Shepley explained his role as Liquor Commissioner and the City's compliance checks, fines for violations, and the IMPACT program to BAARD Gas Station LLC representatives.

15. **Consultant Selection Approval – Wastewater Treatment Plant #2 PLC, I/O and SCADA Server Replacement Project**

Councilwoman Brady moved to award the proposal for engineering services for the Wastewater Treatment Plant #2 PLC, I/O and SCADA Server Replacement Project to Baxter and Woodman/Concentric Integration and adopt a Resolution authorizing the City Manager to execute an agreement with Baxter and Woodman/Concentric Integration in the amount proposed and approve changes in scope by 10 percent of the original price. Councilman Halebian seconded the motion. On voice vote, all present voted yes. Motion passed.

16. **Consultant Selection Approval – Water and Sewer Division SCADA and Radio Upgrades**

Councilwoman Brady moved to award the proposal for design engineering and installation services for Water and Sewer Division SCADA and Radio Upgrades to Baxter and Woodman Inc./Concentric Integration and adopt a Resolution authorizing the City Manager to execute an agreement with Baxter and Woodman Inc./Concentric Integration in the amount proposed and approve changes in scope by 10 percent of the original price. Councilwoman Ferguson seconded the motion. On voice vote, all present voted yes. Motion passed.

17. **Consultant Selection Approval for Preliminary Design Engineering Services for Deep Well #19 and Transmission Main**

Councilwoman Brady moved to award the proposal for Preliminary Design Engineering for the New Well #19 and Transmission Main Project to Stanley Consultants, Inc. and adopt a Resolution authorizing the City Manager to execute an agreement with Stanley Consultants, Inc. in the amount proposed and approve changes in scope by 10 percent of the original price. Councilwoman Ferguson seconded the motion. On voice vote, all present voted yes. Motion passed.

18. **Consultant Engineering Services Selection Approval – Replacement of Wastewater Treatment Plant #2 Ultraviolet Light (UV) Disinfection Unit Project**

Councilwoman Brady moved to award the proposal for engineering services for the replacement of the Wastewater Treatment Plant #2 ultraviolet light (UV) disinfection unit to Baxter and Woodman and adopt a Resolution authorizing the City Manager to execute an agreement with Baxter and Woodman in the amount proposed and approve changes in scope by 10 percent of the original price. Councilwoman Ferguson seconded the motion. On voice vote, all present voted yes. Motion passed.

19. **Consultant Selection for Engineering Services – Rehabilitation of Edgewater Drive Lift Station #16**

Councilwoman Brady moved to award the proposal for engineering services for the rehabilitation of the Edgewater Drive Lift Station #16 to Crawford, Murphy & Tilly and adopt a Resolution authorizing the City Manager to execute an agreement with Crawford, Murphy & Tilly in the amount proposed and approve changes in scope by 10 percent of

the original price. Councilwoman Ferguson seconded the motion. On voice vote, all present voted yes. Motion passed.

20. **Consultant Engineering Services Approval – Replacement of Electrical Motor Control Centers (MCC's) and pumps at Wastewater Treatment Plant #3 and Lift Station #12**

Councilwoman Brady moved to award the proposal for engineering services for the replacement of electrical motor control centers (MCCs) and pumps at Wastewater Treatment Plant #3 and Lift Station #12 to Ruekert Mielke, Inc. and adopt a Resolution authorizing the City Manager to execute an agreement with Ruekert Mielke, Inc. in the amount proposed and approve changes in scope by 10 percent of the original price. Councilwoman Ferguson seconded the motion. On voice vote, all present voted yes. Motion passed.

Council Inquiries and Requests

Councilwoman Ferguson said there was a pile of dirt on Glen Avenue left over from a project. Mayor Shepley asked that City staff remain vigilant to watch for these locations.

Adjourn to Executive Session for the purpose of discussing matters of pending and probable litigation

Councilwoman Ferguson moved to adjourn to Executive Session at 7:55 p.m. Councilwoman Brady seconded the motion. On roll call, all present voted yes. Motion passed.

Reconvene in Regular Session

Councilwoman Ferguson moved to reconvene to Regular Session. Councilman Haleblan seconded the motion. On roll call, all present voted yes. The Council reconvened at 8:13 p.m.

Adjourn

There being no further business, Councilwoman Ferguson moved to adjourn the meeting at 8:14 p.m. Councilman Haleblan seconded the motion. On voice vote, all voted yes. Motion passed.

The City of Crystal Lake
PROCEEDINGS OF THE CITY COUNCIL

Aaron T. Shepley City Hall, 100 W. Woodstock Street, Crystal Lake, IL 60014

July 15, 2025

Call to Order

Mayor Haleblan called the meeting to order at 7:00 p.m.

Roll Call

Mayor Haleblan and Councilmembers Ellen Brady, Cameron Hubbard, Ian Philpot, Denise Smith and Natasha Teetsov were present. Councilmember Brett Hopkins was absent.

City Manager Eric Helm, Deputy City Manager/City Clerk Nick Hammonds, Director of Public Works and Engineering Mike Magnuson, Community Development Director Kathryn Cowlin, Finance Director Jodie Hartman, Interim Information Technology Director Eric DeSantis, Director of Human Resources Julie Meyer, Police Chief James Black, and Fire Rescue Chief Craig Snyder were also present. Special Legal Counsel Victor Filippini was also present telephonically.

Pledge of Allegiance

Mayor Haleblan led City Council and audience in the Pledge of Allegiance.

Approval of Minutes

Councilman Philpot moved to approve the meeting minutes of the July 1, 2025 Regular City Council Meeting. Councilwoman Smith seconded the motion. On roll call, all present voted yes. Motion passed.

Accounts Payable

Councilman Philpot moved to approve the Accounts Payable List dated July 15, 2025. Councilwoman Teetsov seconded the motion. On roll call, all present voted yes. Motion passed.

Public Presentation

Mayor Haleblan asked if there was anyone in the public who wished to speak about an item not found on the agenda.

David Gates, expressed concerns regarding the vacation of an alley on Glen Avenue located behind his property and asked for a delay in the process. He said he would like ingress and egress easement rights of the alley, and was not notified regarding the vacation as required.

No one else wished to speak.

Mayor Haleblan closed Public Presentation.

Mayor's Report

Mayor Haleblan said it was a great holiday weekend despite the rain and a fantastic fireworks display.

City Council Reports

None.

Consent Agenda

Councilwoman Brady moved to approve a Consent Agenda, including Items 9a and 9b, adding Items 10, 12, 13, 16, 17, 18, 19, 20, and 21. Councilman Philpot seconded the motion. On roll call, all present voted yes. Motion passed.

Mayor Haleblan asked if there was anyone in the public who wished to speak regarding the consent agenda.

A resident asked for explanation of the NPDES permit fees. City staff and City Council explained what the fees are for.

No one wished to speak.

- 9a. *Adopted an Ordinance Amending Chapter 358-6 of the City Code Regarding Prohibited Noises.*
- 9b. *Adopted a Resolution authorizing payment in the amount of \$48,500.00, for annual NPDES permit fees under protest.*
- 10. *Adopted an Ordinance increasing the number of Class 29 liquor licenses from the currently permitted 1 licenses to 2 licenses, in order to allow for the issuance of a new Class 29 liquor license to Lake Roots Holdings LLC, d/b/a Lake Roots, 475 W. Virginia Street.*
- 12. *Approved the Planning and Zoning Commission (PZC) recommendation and adopted an Ordinance granting the Variation for no enclosed parking space (garage) at 115 Edgewood Avenue.*
- 13. *Approved the Planning and Zoning Commission (PZC) recommendation and adopted an Ordinance granting the Variation for the encroachment into the street side setback at 751 Oak Court.*
- 16. *Awarded contracts for police directed towing services to the lowest responsive, responsible bidders: Herrick Auto Rebuilders, Inc.; Ormsby Motors, Inc.; Whitey's Towing, Inc.; and First Class Towing and Recovery, and adopted a Resolution authorizing the City Manager to execute two-year agreements for police directed*

towing services with Herrick Auto Rebuilders, Inc.; Ormsby Motors, Inc.; Whitey's Towing Inc.; and First Class Towing and Recovery in the amount bid.

17. *Awarded contract for Crossing Guard Services to the lowest responsive, responsible proposer, Andy Frain Services, Inc. and to adopted a Resolution authorizing the City Manager to execute a five-year agreement with Andy Frain Services, Inc. in the submitted proposal amount.*
18. *Adopted an Ordinance waiving procurement requirements under City Code Section 102-3 and authorize the City Manager to execute an agreement with Aurora-Naperville Enterprises, Inc. doing business as Valley Honda, Gurnee Motors, Inc. doing business as Muller Honda of Gurnee, or Auto Dealership III, LLC doing business as Autonation Honda O'Hare for the purchase of two minivans in a not-to-exceed total amount of \$86,248.91.*
19. *Awarded the bid for the Fire Station 4 Window Replacement Project to the lowest responsive and responsible bidder, All American Exterior Solutions, Inc., and adopted a Resolution authorizing the City Manager to execute a contract with All American Exterior Solutions, Inc. in the amount of \$56,700.00, execute change orders for up to 10% of the contract amount, and approve warranted completion date change orders relating to the contract.*
20. *Waived the requirements for a Request for Proposals in accordance with Article 1, Section 102-8 A. (1) of the City Code and award a contract for professional engineering and architectural services for the Police Department Administration Remodel and Information Technology (IT) Department Relocation Project to Wold Architects and Engineers (Wold AE), and adopted a Resolution authorizing the City Manager to execute an agreement with Wold AE in the amount of \$143,308 with a 10% contingency for changes in scope and approve warranted completion date extensions.*
21. *Amended the Salary Ordinance adding the IT Network Administrator Position for the 2025 Fiscal Year.*

Mayor Haleblan thanked the petitioner for investing in the community and explained the City's regulations regarding sale of alcohol to minors to the owner of Lake Roots Holdings LLC, d/b/a Lake Roots, 475 W. Virginia Street, as well as the IMPACT Program.

11. Commercial Façade Improvement Grant Funds request for Kitchen Outfitters, 64 N. Williams Street, requesting \$975 in matching grant funds

Community Development Director Kathryn Cowlin provided an overview of the petitioner's request.

Councilwoman Smith moved to award up to \$975 in Commercial Façade Improvement Grant Funds to Kitchen Outfitters located at 64 N. Williams Street, and to adopt a Resolution authorizing the City Manager to execute the Grant Agreement with Kitchen Outfitters. Councilwoman Teetsov seconded the motion. On roll call, all present voted yes. Motion passed.

14. Historic Landmark Designation for the Crystal Lake Academy Building and iron fence at 210 McHenry Avenue

Mayor Haleblian presented the agenda item and then explained the how the presentation and discussion would proceed.

Community Development Director Kathryn Cowlin reviewed why a structure is typically landmarked, what land marking a property means. She explained the application process for land marking a property.

Ms. Cowlin explained the Historic Preservation Commission made an 8-0 recommendation at a public hearing in November 2024 to landmark the property, meeting 18 out of 20 criteria required for land marking.

Since that time, the land marking request has been continued several times to allow discussions on preservation efforts including moving the structure and fundraising to move the structure onto another private property down the street from the current location.

Ms. Cowlin said the City Council is considering a request to landmark the structure in place or to deny the request. Sufficient funds to move structure had not been raised as of the City Council meeting.

Co-applicant Diana Kenney, thanked the City Council for their time, and provided an overview of the Crystal Lake Academy Landmark request. She outlined the history of nine houses built by Andrew J. Simons. Five are now remaining, built in the 1850s, including the Academy Building.

Ms. Kenney explained the architectural and historical significance of the school and its students to the Crystal Lake community. Simon S. Gates gained title to the property through a foreclosure sale once the Academy had closed, moving to the Academy Building in 1860.

William J. Gates, son of Simon Gates, became an attorney and moved back to the Crystal Lake area from Chicago. He invested in the Spring Valley Tile Works Factory, making drain tile and bricks.

After a fire destroyed the factory, Gates rebuilt and renamed the business the American Terra Cotta and Ceramic Company, which also created artistic terra cotta tile, which can be found on buildings in Chicago (Wrigley Building) and on several local structures.

The Academy Building was also owned by families with family members who served as president of the Village of Crystal Lake and mayor of the City of Crystal Lake.

Ms. Kenney stated St. Mary's Church was a good steward to the Academy Building for years, but recently the congregation no longer wants to maintain the building, siting it as a safety hazard. The Church allowed the condition of the building to be studied and it was found not to be in danger of collapse.

St. Mary's also allowed a second consultant to tour the building to substantiate the first study. The second consultant also said the building is structurally sound and would be able to be moved in sections, although this could be challenging.

A site was identified to relocate the building for a private use, and fundraising efforts undertaken. Ms. Kenney said that donors were hesitant to donate if the building would be used for a private use, favoring a public use instead if they were to donate.

Ms. Kenney said the community needs to work together with the property owner to find a win-win solution to preserve the Academy Building and approve the landmark application.

Co-Applicant Jim Heisler stressed the importance of the building and thanked the City Council for their time.

Craig Krandel, attorney for St. Mary's Church now known as Trinity Parish, said the Church understands demolition of a historic building is never going to be popular. He said the Church has owned the property for a very long time and this issue has been given much consideration.

He introduced Peter Carroll, resident of 1125 Prescott Lane and a member of the Church since 1979, who provided a history of the Church. Mr. Carroll said a new building was built for use by the Church and the intent also was to use the Academy Building less and eventually have it removed.

Mr. Carroll argued the Historic Preservation Ordinance has been glossed over in the discussion, stating the cement block and other additions diminish historical significance. It is also not a known building by the community, such as the Barlina Barn or Colonel Palmer House, which is a replica of the Tarpley House. He said the structure is not that safe adding there is second-floor room with a beam supporting it.

Mr. Krandel questioned why bring landmark status now, stating the Church had never heard anything until a demolition permit was filed. He said the Church is trying stop the City Council and stop the Historic Preservation Commission from land marking the building as it is owned by a private entity who cannot afford to make improvements to the building that would be needed if it were to be landmarked, and this only covers the exterior, not improvements needed inside the structure. He said this is also not a mission of the Church.

Mr. Krandel stated the first architect that visited spent 25 minutes at the property, did not meet with a pastor or ask about areas of concern with the building.

He said he appreciated what has been done so far, and the Church has cooperated with the City and the community to allow avenues to possibly move the structure, and unfortunately the Church cannot financially afford to keep the building, and it is time to move on.

Catherine Williams, member of the Church since 1979, she said this is essentially a business deal, but a little different. She said the petitioners filled their application, but what has not happened is someone approaching the Church to talk about the Tarpley House and what would happen to it.

She said she has been told the Church will have a "black-eye" if the building is torn down. She said parishioners would gladly have a black eye and keep doing the work to help the community that they do.

Ms. Williams said she is not anti-preservation, but this is about making a decision that is best for the Church, parishioners and the community.

Ms. Williams said she is pleased with the City, said the Church has been willing to listen, and if an extension is given, the Church asks that the applicants meet with them, discuss ideas and evaluate fundraising.

Andrew Wild, Warden of Trinity Parish, said he had asked an outreach program to relocate to another building, as there was an asbestos issue, the foundation is deteriorating, and the second floor is not supportive. He said the land marking of the building does not follow the mission to aid the needy, and asked that the City Council deny the request.

Mayor Haleblan asked Mr. Heisler if he had additional comments at this time. Mr. Heisler said he had no additional comments.

Mayor Haleblan asked if there was anyone in the public who wished to speak on the request.

Peter Gusse, a McHenry County resident and Chair of the McHenry County Historic Preservation Commission, spoke in strong support of approving the landmark application.

Amanda Marshall, a Crystal Lake resident and historic preservation architect, stated she wrote the WJE letter and toured the site. She said she would be happy to answer any questions about the report. Ms. Marshall encouraged the City Council approve the landmark application.

She said it is hard to find a historic building that has not been altered in some way and said she felt the alterations did not harm the historical importance of the building. She mentioned a project like this will take a great collaborative effort.

Zachary Beckard, resident of 261 Terra Cotta Avenue and member of the Historic Preservation Commission, thanked the Church and others for attending tonight. He spoke to comments made regarding the building not being noticed. He disagreed, stating the building would be missed if it is gone. He strongly supported approval of the landmark designation.

Mary Thennes, resident of 84 S. Walkup Avenue, also spoke in support of the landmark request, and explained the Questers group had given Tarpley House an honorary plaque before the Historic Preservation Commission in 1993.

Susan Parker, resident of 97 S. Walkup Avenue and member of the Crystal Lake Historical Society, spoke in support of the landmark request.

Dawn Milarski, Hebron resident, spoke in support of the landmark request.

Robert Frenz, Crystal Lake resident, spoke in support of the landmark request, explaining he has written a book on McHenry County schools, and believed this may be the last standing

private school building. He asked what the Church was willing to spend to tear down the building.

Mr. Krandel said they have received a price of \$50,000 to tear down the building and a donor has agreed to pay that cost.

Britney Niequist, resident of 84 N. Walkup and chair of the Historic Preservation Commission (HPC), spoke in support of the landmark request. She refuted the Church's claim that they were not contacted regarding the application, stating Reverend Zaucha was contacted, invited and attended an HPC meeting to discuss the demolition plan for the building. She said the landmark application was submitted to allow time for discussions about the fate of the building.

Ms. Niequist stated that they were originally told fundraising could not be done on the Church's behalf. Ultimately, a fundraising committee was formed, and donors are there, however they would like to see the building become a public use. They do not want to donate money to a private use.

She indicated that she is upset the Public Arts Commission has a dedicated \$50,000 budget, when the HPC fundraises for their efforts.

Ms. Niequist stated historical buildings such as the Dole Mansion, Colonel Palmer House and the Tarpley House help give Crystal Lake its identity.

Mayor Haleblian asked if anyone else in the public wished to speak. No one else wished to speak on the request. Mayor Haleblian closed public comment.

The Mayor and City Council thanked the petitioners and the Church for their work and patience throughout the process and discussed the involuntary aspect of the Historic Preservation Ordinance and how it can be used.

Councilmember Philpot discussed the Tarpley House application process, fundraising and possible relocation of the building, and said the building is historic and he favors land marking, however, he said financial implications are often not considered. He said more time is needed to fundraise, and the City should help as a last line of defense to find an organization to help and to find a place to relocate the building to as a means to preserve it. Moving the building and saving is the most important piece.

Councilman Hubbard said the City Council is trying to find a win-win solution, but said this situation is dealing with a private property owner who does not want the landmark. He would be in favor of moving the building, and has a hard time land marking the building if the property owner does not want that.

He asked if the \$50,000 could be used for the relocating the building. The Church treasurer said the donor specifically stated the funds would be used for demolition only, and the request must be honored.

Councilwoman Teetsov also thanked everyone who has involved in this process. She said the buildings are important in telling history of a faith community, as well as the rest of the City. She said she thinks the preservation of the building is important and that the building is known

in Crystal Lake. The ability to have more time to find a solution to this issue would be beneficial.

Councilwoman Brady said the building has significant value to Crystal Lake and asked what the urgency was to tear the building down, and the expenses would be minimal in waiting for more time. She said donors are out there, and a plan can be developed, even if it is moved to a privately-owned property, at least it is saved. She said it is short-sighted to only look at the building as a public use.

Ms. Brady said she is not willing to landmark the building and is in favor of a continuance to allow for the development of a plan. She suggested a minimum of 90-days, and asked the Church to work with petitioner to see what can be developed.

Mr. Krandel said this idea has been talked about, and asked that in place, the building is not going to be a public use. The Church is in favor of moving the building. There is still a cost involved here, but the Church appreciated brokering a discussion to help find a way to make a decision.

Mr. Wild clarified the Church would use clean fill to fill the hole if the building would be demolished, materials could be moved elsewhere.

Councilwoman Smith said she has learned a lot throughout the process. She thought the continuation is fair, but a plan needs to be in place with a specific timeline. A building cannot just be landmarked and left alone, and she feels it is not the City's responsibility to maintain the building, as the Dole and Colonel Palmer House are maintained by other entities.

She asked if it is moved and received landmark status, this only applies to the outside of the building.

Mayor Haleblian said he is a preservationist, however his problem is this is on private property and this would be telling the property owner what to do on their property. He said there are so many unanswered questions, no plan and a moving target, which is frustrating.

Mayor Haleblian said the Church has been patient. He said he supports continuing the request but wants to see a plan on what will happen to the building – where it will be moved to, what is it going to cost to do it, how will it be funded.

Councilwoman Smith asked for clarification regarding what HPC funds can be used for. Ms. Cowlin clarified that the HPC must follow the City's purchasing policy when utilizing funds.

Councilwoman Brady moved to continue the request for 90 days, to the October 21, 2025 City Council meeting, with the expectation that a plan must be developed. She asked Ms. Kenney if she was clear on what is expected.

Ms. Kenney said she wanted to clarify that the development of a plan should not fall solely on her, as there are a group of people involved here that would work together to develop a solution. She clarified the bid received for moving the building and portions of the building that would be moved, to better understand the realities of moving the building.

Councilwoman Smith asked if the group would form a committee and develop a very specific plan, including where and how the building would be moved, and fundraising outline. Councilman Philpot seconded the motion. On roll call, all present voted yes. Motion passed.

The Mayor and City Council took a short recess.

Mayor Haleblan reconvened the meeting.

15. Ordinance waiving the competitive bidding requirements under City Code Section 102-3 and approving the consultant contract with Teska Associates for Fiscal Year 2025

Community Development Director Kathryn Cowlin provided an overview of the agenda item.

The Mayor and City Council discussed the utilizing Teska for this case to keep continuity with Depot Park, but in the future the services need to be bid out. The City Councilmembers felt need to utilize a larger pool of companies for projects.

Councilwoman Brady moved to approve an Ordinance waiving competitive bidding, approving contracts with Teska Associates for planning assistance professional services in the not-to-exceed amount of \$30,000 and authorizing execution of the contract by the City Manager. Councilman Philpot seconded the motion. On roll call, Mayor Haleblan and Councilmembers Brady, Smith, Philpot and Teetsov voted yes. Councilmember Hubbard voted no. Motion passed.

20. Presentation – Pedestrian Network Gap Analysis, Discussion Only –

Public Works and Engineering Director Michael Magnuson and City Engineer Abby Wilgreen presented the Mayor and City Council and asked for feedback on sidewalk and path projects for upcoming Capital Improvement and Budget planning.

Ms. Wilgreen stated staff has worked to identify gaps in the sidewalk and path network, prioritize them based on demand and priority and identify potential obstacles to construction. She reviewed 12 completed and in-progress projects including: Country Club Path, McHenry Avenue Path, Dole Avenue Sidewalk, Virginia Road Sidewalk, Main Street at Commons Drive Sidewalk, Congress Parkway & Exchange Drive Sidewalk, Ackman Road/Huntley Road Path, Huntley Road Sidewalk, Oak Street Path, Pingree Road Path, Various Development Projects, and Small Gaps with Annual Programs.

She also reviewed areas that have been studied for sidewalk gaps, making assumptions as to why sidewalk may not have been installed in the area, and explained demand criteria and prioritization factors included in the analysis.

Seventy-two gaps were found, with five waiting for future developments. 31 along higher speed streets such as Route 14 and Route 176, and eight locations with minimal challenges for easier implementation.

Ms. Wilgreen outlined the projects with minimal challenges for which design and construction can be included in Fiscal Year 2026 and 2027, as well as projects planned for future years that would require work with other jurisdictions, easements, etc. The City will continue to look for grant funding.

Ms. Wilgreen asked if there were questions regarding sidewalks.

The City Council asked regarding responsibility for maintaining sidewalks, and if burying utility lines would help, especially along Route 14.

Mr. Magnuson explained the challenges with sidewalk installation and the right of way in that area, explaining in addition to utilities there are several other factors requiring cooperation from property owners. Mr. Magnuson said that going forward waivers or delays of sidewalk installation should be looked at closely.

City Councilmembers asked if this information can be shared on the website as a several-year plan to help inform residents what is planned. Mr. Magnuson said this is planned.

Ms. Wilgreen explained the City's definition of multi-use paths, which are used by people ranging in age from children through adulthood, are located in multiple areas across the City, can involve other jurisdictions and where public involvement is essential and beneficial.

She reviewed analysis of path networks broken up into different areas of the City, explained timeframes for improvements, and the path connections that would be made in each area, including by Mercyhealth, Ackman Road, Dartmoor Drive, the north side of Crystal Lake (path around the Lake), and Huntley Road.

Mr. Magnuson discussed options for the re-routing the Prairie Trail from the north as well as in the downtown area and explained how the trail is currently routed through the City and the challenges to connecting back to the path. Option included utilizing Brink Street or Railroad Street and possibly construction of a path off of Main Street through property near Pathway Court and near Crystal Lake Central High School.

He said public input would be needed to help make a determination for the final route.

City Councilmembers supported the path connecting to Walkup Road instead of crossing Route 176. They also liked the connection of the path to Pleasant Hill Road to allow for more accessibility.

Council Inquiries and Requests

Councilmember Hubbard asked about timing of the traffic signal at Route 14 and McHenry Avenue, saying the wait time long late at night, at 9:00 p.m. Mr. Magnuson said staff will ask IDOT to check on the coordination program.

Councilwoman Brady stated there is also a wait at Dole Avenue and Route 14.

Councilwoman Smith told staff about a b-box that needed adjusting that is located in the sidewalk by the cemetery on Woodstock Street. Mr. Magnuson said this can be looked at and addressed.

Councilman Philpot suggested the Historic Preservation Commission should consider increasing the grant program so it will be an incentive to landmark a property for the owner. He said maybe funding for the HPC in the same way as the Public Arts Commission.

Councilwoman Smith said she does not want to force landmark status on properties. She asked if there is a way to protect owners of property to help strike a balance. City Manager Helm said this can be looked at as well.

Adjournment

There being no further business, Councilman Philpot moved to adjourn the meeting at 10:20 p.m. Councilwoman Smith seconded the motion. On voice vote, all present voted yes. Motion passed.

APPROVED

Mayor

ATTEST

City Clerk

All ordinances are adopted in pamphlet form by the authority of the Mayor and City Council.

The City of Crystal Lake
PROCEEDINGS OF THE CITY COUNCIL

Aaron T. Shepley City Hall, 100 W. Woodstock Street, Crystal Lake, IL 60014

August 5, 2025

Call to Order

Mayor Haleblan called the meeting to order at 7:00 p.m.

Roll Call

Mayor Haleblan and Councilmembers Ellen Brady, Brett Hopkins, Ian Philpot, and Natasha Teetsov were present. Councilmembers Cameron Hubbard and Denise Smith were absent.

City Manager Eric Helm, Deputy City Manager/City Clerk Nick Hammonds, Director of Public Works and Engineering Mike Magnuson, Community Development Director Kathryn Cowlin, Assistant Finance Director Adam Orton, Information Technology Support Specialist Sal Navarro, Police Chief James Black and Fire Rescue Chief Craig Snyder were also present. Legal Counsel Robert Pickrell was also present telephonically.

Pledge of Allegiance

Mayor Haleblan introduced Kristen and Kelsey Snell, parents of Air Force Airman Benjamin Snell, to lead the City Council and audience in the Pledge of Allegiance.

Airman Snell graduated from Crystal Lake South High School in 2024, and left 10 days later for basic training. He has completed a year of service, earning a marksman ribbon, and received graduate honors in the Air Force as a Cyber System Operator. He maintains and installs computer servers and networks and is currently stationed at the 9th Air Force Central, Shaw Air Force Base, in South Carolina.

Fire Swearing in Ceremony for New Firefighter/Paramedics, Lieutenant, Battalion Chief, and Deputy Chiefs

Fire Rescue Chief Craig Snyder introduced the Fire Rescue Probationary Firefighter/Paramedics, Lieutenant, Battalion Chief, and Deputy Chiefs.

Mayor Haleblan gave the Oath of Office to New Fire Rescue Probationary Firefighter/Paramedics, Lieutenant, Battalion Chief, and Deputy Chiefs.

Approval of Minutes

Councilman Philpot asked for an amendment to the minutes, removing a portion of a sentence from his comments regarding Agenda Item 14.

Councilman Hopkins moved to approve the meeting minutes of the July 15, 2025 Regular City Council Meeting as amended. Councilman Philpot seconded the motion. On roll call, all present voted yes. Motion passed.

Accounts Payable

Councilman Hopkins moved to approve the Accounts Payable List dated August 5, 2025. Councilman Philpot seconded the motion. On roll call, all present voted yes. Motion passed.

Public Presentation

Mayor Haleblan asked if there was anyone in the public who wished to speak about an item not found on the agenda.

Sherree Lavelle, resident of 95 Bayberry Drive, shared her concerns regarding the sediment and muck settling in the channel into Crystal Lake. She provided a brief history of the channel and said residents have made presentations to the Crystal Lake Park Board regarding getting help cleaning out the channel with no success. She said residents are working with Engineering Director Mike Magnuson regarding getting core samples of the soil. Residents have also shored up their property and cut back trees along the channel.

Chris Moody, resident of 94 Cedar Drive, shared the progress neighbors have made along the channel to clean out the area of brush and trees and build retaining walls. He estimated tons of muck run into the lake from Lippold Park.

Joanell Powers, resident of 91 Bayberry Drive, said she moved into Crystal Lake in 1986, with the channel being the reason she bought her house. She said the channel can no longer be used for watercraft as it was in the past.

Ms. Powers said the filling in of the channel with sediment and other materials will cause an environmental detriment to the lake. She asked the City to help residents save the channel and the lake.

David Gates, resident of 212 Glen Avenue, shared concerns regarding installation of "End of Roadway" signage at the end of the alley adjacent to his property. He explained he asked for the signs to be removed and has since submitted a FOIA Request for documentation regarding the signs, stating the process for which the signs have been installed has not been transparent to all those impacted.

Mr. Gates again asked the signage be removed until all neighbors impacted by the installation are notified and can be involved in a resolution.

Meadow Moody, resident of 94 Cedar Drive, shared her concerns regarding the conditions of the channel into Crystal Lake.

No one else wished to speak.

Mayor Haleblan closed Public Presentation.

Mayor's Report

Mayor Haleblan presented the Crystal Lake Chamber of Commerce with a Community Investment Award plaque honoring the Chamber's 85th Anniversary, thanking the members for not only their efforts as part of the Chamber, but also their involvement in efforts throughout the community.

Mayor Haleblan shared condolences for the families of Brad Johnson and John Blazier, who both passed this past week. Lastly, he offered condolences to the family of Deputy Director of Public Works, Matt Farmer, whose daughter also passed last week unexpectedly.

City Council Reports

None.

Consent Agenda

Councilwoman Brady moved to approve a Consent Agenda, including Item 10a, adding Items 12, 14, 17 and 18. Councilman Philpot seconded the motion. On roll call, all present voted yes. Motion passed.

Mayor Haleblan asked if there was anyone in the public who wished to speak regarding the consent agenda.

No one wished to speak.

- 10a. *Took no action on the County Zoning Request for a Variation to allow an accessory building to be 26 feet in height, instead of the maximum 20 feet at 3416 S. Cherry Valley Road, Unincorporated Woodstock, Illinois.*
- 12. *Approved a Special Event Permit and Class 19 Temporary Liquor License for the 2025 Johnny Appleseed Festival, Great Ball Race, and Taste of Downtown events, closures of Brink Street and Williams Street, pursuant to staff recommendations, and waiver of the Police Department charge back fees (~\$6,593.76).*
- 14. *Adopted an Ordinance increasing the number of Class 12 liquor licenses from the currently permitted 3 licenses to 4 licenses, in order to allow for the issuance of a new Class 12 liquor license to The Ellery Group LLC, d/b/a The Ellery, 406 W. Woodstock Street.*
- 17. *Adopted a Resolution authorizing the City Manager to execute an agreement with Altec Industries, Inc. for the pricing and delivery of one (1) new 2025 Freightliner M2-106 Bucket Truck in the total amount of \$245,528.00 using Sourcewell purchasing cooperative contract #110421-ALT, execute change orders for up to 10% of the contract amount, and approve warranted completion date change orders relating to the contract.*

Adopted a Resolution designating the 2012 International 4300 Bucket Truck as surplus property upon receipt of the new Bucket Truck from Altec Industries, Inc. and authorizing the City Manager to execute an agreement with Obenauf Auction Service, Inc. for the sale of the surplus 2012 International 4300 Bucket Truck.

18. *Adopted a Resolution authorizing the City Manager to approve and sign an amendment to the contract for Bio-Solids Land Application & Landfill Disposal.*

Mayor Haleblan thanked the owners of The Ellery Group LLC, d/b/a The Ellery, 406 W. Woodstock Street, for investing in the community and explained the City's regulations regarding sale of alcohol to minors to as well as the IMPACT Program.

Joy Neal, Executive Director, and Katie Galto, Event Coordinator for Downtown Crystal Lake/Main Street, thanked the Mayor and City Council for approval of the Johnny Appleseed event and explained key changes this year, which the group are excited about including event location, different parking, and the addition of the "Taste of Crystal Lake and Cider Alley" on Brink Street west of Williams Street.

11. **New Directions Addiction Recovery Services – Zero Fest Special Event Request and Closure of Beardslev Street (from Main Street to Ellsworth Street) and a portion of the parking lot by 135 Beardslev Street – Saturday, September 20, 2025**

Petitioner withdrew the request. No action taken.

13. **Special Event Request – Cantina 52 Music Mondays on Monday nights from August 11, 2025 to September 29, 2025 from 6:00 p.m. to 9:00 p.m.**

Community Development Director Kathryn Cowlin provided the Mayor and City Council with an overview of the request. She explained similar requests have been received from CLB for live music on private property, but because this would happen on public property a permit is needed.

Jim Tomasek, owner of Cantina 52, explained he would have one acoustic musician performing outside his restaurant on Monday nights. There would be one speaker to amplify that is located in the building.

Mayor Haleblan asked if there is anyone in the public who wished to speak regarding the request.

Michael Rothstein, owner of The Clothes Gallery, located at 51 N. Williams Street, spoke in opposition to the request. He said they have owned the building for thirty years, but lived above the store for the last thirteen. He stated has called the Police Department about twelve times, beginning in April 2023 due to the loud music, disregarding the noise ordinance. He said the music resonates through downtown. He said music has been very loud and crude, and has interfered with the peace of others downtown. He asked the City Council to deny the request.

No one else wished to speak.

The Mayor and City Council discussed other live music events downtown, including the Railroad Street live music, CLB, and music at the Night Owl, and how outdoor live music is a general benefit for the area.

Councilman Philpot said he tends to lean toward approving the request, with the conditions that the volume be controlled and event be respectful to those downtown.

Mr. Tomasek said he has emailed owners of The Clothes Gallery regarding the patron that was mentioned and this person has been banned from Cantina 52, as this is not acceptable behavior. There is also a decibel reader to help ensure volume is maintained.

Councilman Hopkins asked for clarification on how this would be handled in a residential area as opposed to an event permit situation. Ms. Cowlin explained that an event permit allows conditions of approval to be set, where without a permit in a residential area, the noise ordinance now outlines how far away music can be heard, etc., and has an end point of 10:00 p.m.

Councilman Hopkins asked if there is a decibel level that would be considered too loud during the event. Ms. Cowlin said there is no decibel level set.

Councilman Hopkins asked if the speakers used to be inside at the window facing out. Mr. Tomasek said yes, but for this event the speakers are in the same location, but the musician would be outside with the one-speaker public address system.

Councilman Hopkins asked what can be done to help keep the music contained. Mr. Tomasek said they cannot stop the music completely, but it is about locating items to help block the sound. He walks around prior to leaving to ensure music is not too loud.

Councilwoman Teetsov said the trend has been to support events to make the downtown a more lively area, stating she could hear the Night Owl Ride from her home. She said she supports the request, but also any mitigations that could be made to help contain the music.

Mr. Tomasek stated it is a one person acoustic performance, and will end by 9:00 p.m., before the noise ordinance takes effect.

Mayor Haleblian supports the request, with respect for the neighbors. He suggested losing the amplifier if possible.

Councilwoman Brady moved to approve the Special Event Request for Cantina 52 Music Mondays, Monday nights from August 11, 2025 to September 29, 2025 from 6:00 p.m. to 9:00 p.m. pursuant to the recommended conditions adding that the petitioner is respectful of the neighbors and has music at a reasonable level. Councilman Philpot seconded the motion. On roll call, all present voted yes. Motion passed.

15. Parking Special Permit for 1294 Lake Avenue (Kamijima Park)

Community Development Director Kathryn Cowlin provided the Mayor and City Council with an overview of the request. She explained the Crystal Lake Rowing Club would like to park the trailer at the park six to ten times a year, and have the trailer be parked on the grass at the park, which has residential zoning. She explained there have been several special permits for parking that have been considered and issued throughout the years.

Sue Zimmerman, Crystal Lake Rowing Club President, explained how the club utilizes and parks the trailer at the park behind the boat house to unload boats and move them in and out of the boat house. The trailer stays overnight as needed for loading and unloading for regattas.

Stephanie Macro, Crystal Lake Rowing Club Treasurer, stressed that the trailer is only there a few times each year for regattas.

Ms. Zimmerman said the club has started receiving complaints about the trailer in the past year or so, which led the club to ask for a permit for the trailer.

Mayor Haleblain asked if anyone wanted to speak about the request.

Bob Miller, resident of 1274 Thornwood Lane, spoke in opposition to the permit request. He provided a timeline of working with the Park District in 2024 and times when the trailer had been parked at Kamijima Park for extended periods of time.

Mr. Miller said he is opposed to the request because the park is small and there is an improved surface in another location where the trailer that can be parked, not on the grass. He said he also has safety concerns due to the trailer right next to the playground.

He said there is no need for the City to consider the request, the City Council should let the Park District address the issue with the Rowing Club.

No one else from the public wished to speak. Mayor Haleblain closed public comment.

Councilwoman Brady said she strongly supports the Rowing Club request, and explained the process for loading and unloading the boats. She said complaining about a trailer parked on grass for a few days at a time is shortsighted.

Councilman Philpot asked staff to clarify the need for the request. Ms. Cowlin explained the Unified Development Ordinance (UDO) outlines standards for parking and unloading vehicles in residential areas, and Kamijima Park is zoned residential. The permit would allow for “belts and suspenders” for the parking of the trailer so there is no question as to if this would be allowed.

Councilman Philpot asked about alternatives for the Rowing Club if the permit was not approved to still park on the property. Ms. Cowlin said the area in the park would have to be improved with a hard surface, further reducing grass area at the park.

He said the possibility would exist that the Park District could apply for a permit for a permanent drive to be installed at the park. He said this would be disappointing to see part of the park lost, and understands about unsupervised children, more so with the lake right there, and not the trailer.

Councilman Philpot said he hoped to find a solution to work for everyone, whether it be a permit with a limited number of days.

Mayor Haleblain asked how an impervious surface would impact the watershed, and asked who is responsible for this.

Councilman Philpot said there different materials that could be used.

Councilman Hopkins asked staff if the Park District owns the property, how the permit request came before the City. Ms. Cowlin explained the applicant and the Park District asked if there was avenue for an approval in the City's ordinances. The Special Parking Permit is a mechanism in City ordinances to allow for the parking of certain types of vehicles on certain surfaces in residential areas, and such permit requests have been considered in the past for private property.

Ms. Cowlin said although it is a Park District use, it is a residentially zoned area, so the UDO standards would apply about surfaces and types of vehicles.

Councilman Hopkins asked the petitioner for clarity on the timeframes the trailer would be parked there, as different information has been discussed. He said realistically a time frame is longer than 48 hours.

Ms. Zimmerman provided an example for an upcoming regatta in the fall, and the club depends on parent volunteers to move the trailer back and forth to storage. She said the club could work to shorten times the trailer is at the park and could provide dates of the regattas that the trailer would be needed to park there.

Councilman Hopkins and the petitioner discussed logistics of unloading and loading boats.

Councilwoman Teetsov asked for clarification on what timeframe was being asked for and if this is a one-time permit. Ms. Cowlin stated it is a one-time permit and clarified what was asked for in the request.

She said she appreciates the permit for the trailer, and suggested signage at the park where the trailer is parked. The Rowing Club providing dates in advance will also help set the expectation of when the trailer will be there.

Ms. Teetsov said she is not in favor for of adding hard surface at the park.

Mayor Halebian said he has had experience in pulling the boats in and out of the shed, and it is not easy, and the boats are cumbersome. He said he in support of the request, with whatever timeframe is reasonable.

Councilman Philpot asked if additional trailers would be part of the request. Ms. Zimmerman said this trailer was inadvertently left outside and is not part of the request.

The Mayor and City Council discussed timeframe and location restrictions for the permit.

Councilman Philpot asked if Mr. Miller could ask a question. Mr. Miller asked about the timeframe the trailer would be allowed to park.

Special Legal Counsel asked if staff was clear on the conditions of the permit. City staff confirmed.

Councilwoman Brady moved to approve the special permit with the following conditions: the trailer cannot arrive prior to Thursday and it must be retrieved by Tuesday, weather depending

and the trailer shall be parked in the rear of the boathouse. Councilman Philpot seconded the motion. On roll call, all present voted yes. Motion passed.

16. **290 West Crystal Lake Avenue, Salvation Army – Variations related to the removal and replacement of a parking lot, including: 1) A variation to allow the parking lot to have a 0-foot street yard setback, instead of the required 20 feet; 2) A variation to allow the reduction in the number of parking lot landscape islands from 21 to 10; 3) A variation to allow a reduction in the minimum size of parking landscape islands from 152 square feet to approximately 135 square feet for five landscape islands; 4) A variation to allow a reduction to the landscaping requirements for parking lot landscape islands, from 18 trees and 90 shrubs on 18 landscape islands to two trees and 33 shrubs on 10 landscape islands; and 5) A variation to allow a reduction to the perimeter landscaping requirements, from nine trees and 65 shrubs to zero trees and zero shrubs**

Community Development Director Kathryn Cowlin provided the Mayor and City Council with an overview of the request to reconstruct the parking lot at the Salvation Army. She explained existing conditions and explained the new proposed plan with requested variations. She reviewed the hybrid design concept and variations, indicating the Planning and Zoning Commission supported the hybrid design concept but made a recommendation to deny due to lack of hardship 6-1. A supermajority vote is needed to overturn the recommendation, including the Mayor, (5 votes).

Ms. Cowlin said the petitioner provided information the PZC members asked to be given to the City Council.

Paul Kim, Jerry Johnson and Brent Porfilio, represented the Salvation Army. Mr. Porfilio said he worked with Darrell Moore to find a middle ground that would allow for losing less parking required for large events. The Salvation Army does not want to have people parking on residential streets near their building.

A representative of the Salvation Army, provided statistics on the number of people who have been served throughout the year at this location, and stated parking is very important to operations.

Councilman Hopkins said the hybrid is a great improvement over what is currently at the site.

Councilman Philpot also said this is a huge improvement than what is there now. He would like to see more greenery, but understands the circumstances. He is in support of the modified/hybrid request, but feels the PZC did their job well.

Councilwoman Brady clarified the modified/hybrid request, and asked if they could leave the parking lot as it is. Ms. Cowlin explained the modified/hybrid plan and stated as the improvements are a total removal and rebuilding, variations need to be granted.

Councilwoman Brady says she understands, and that the Salvation Army has brought this request before the City. She asked if it could only be resealed and striped. The petitioner said the parking lot needs to be fixed.

Councilwoman Brady said she thinks the City Council needs to meet the petitioner halfway with the hybrid plan.

Councilwoman Teetsov also said she is comfortable with the hybrid plan hearing the PZC feedback and appreciates the efforts to maintain the ADA parking.

Mayor Haleblian said he will not say no to the hybrid design, but would like to see some of the islands swapped toward the front to break-up the blacktop. He would like the petitioner to work with staff on this change to help break up the Crystal Lake Avenue side.

Councilwoman Teetsov agreed with Mayor Haleblian.

Ms. Cowlin added that island spaces on the interior cannot be made into parking stalls because they are not large enough for a car.

Councilman Philpot suggested working with staff to move trees. Mayor Haleblian agreed.

The petitioner said the parking lot can be shifted to the north, there will be a larger area of grass near Crystal Lake Avenue which can be landscaped. The drop-off in the rear will also be studied.

Mr. Kim stated the Salvation Army congregation that gathers every Sunday at this location has also grown substantially.

Councilwoman Brady moved to overturn the Planning and Zoning Commission recommendation and approve an Ordinance granting variations, and approve the variations as illustrated in the hybrid (staff exhibit #2) plan at 290 W. Crystal Lake Avenue subject to the recommended conditions of approval, and adding the condition to work with City staff to add landscaping to the perimeter of the parking lot on Crystal Lake Avenue by moving the parking lot north, if feasible. Councilman Philpot seconded the motion. On roll call, all present voted yes. Motion passed.

19. Public Arts Commission Presentation – Discussion Only

Community Development Director Kathryn Cowlin introduced Patti Noble, Chair of the Public Arts Commission, and Brynn Jefferies, Vice-Chair of the Public Arts Commission, who gave a presentation to the Mayor and City Council regarding the Commission's current and future projects.

Ms. Noble and Ms. Jefferies discussed current projects, including the roundabout sculpture and a community bench project, which would include 6 benches to be located throughout downtown, local artists will design artwork for benches, which will be sponsored. Funds raised from the project may be used in a grant program.

The Commission also worked with local elementary students to create haikus which are displayed throughout downtown. Commission members have also attended events such as Pride Fest and Lakeside Festival with a rock painting booth.

Ms. Noble and Ms. Jeffries reviewed future projects including a four-panel changeable mural in Water's Edge, and the development of a grant program for murals on private property. Businesses such as CLB and Duke's Alehouse have approached the Commission.

Long-term plans include hosting art festivals, featuring all kinds of artists, especially in Depot Park once it is completed. The Commission is also looking at additional locations for sculptures, including Depot Park and the Prairie Trail. Hosting a film festival, in several possible locations, is also a long-term goal.

Councilwoman Teetsov asked how they can continue to support the Commission. Ms. Noble said being an ambassador and volunteering helps to get feedback on what people think about the arts and what they would like to see.

Ms. Jefferies said she understands there are many needs of the City and that the arts can be seen as frivolous to some. The goal is not to start spending a lot of money on things, that there are other places to start that still have an impact.

Ms. Noble said the benches have been a great program featuring local artists that are changeable. The goal is to have the benches out by Labor Day, and the benches would be used as a fundraiser, with new benches being added and if benches are in good condition, older ones moved to a new location. Funds raised could be used in a mural grant program.

Councilwoman Teetsov said she liked the balance of small wins with the larger projects, and felt this helps the Council get a broader picture of what the Commission is doing.

Mayor Haleblian said the Commission has come a long way in two years. He encouraged the Commission to keep moving on projects. He asked the Commission members to come to future meetings to provide updates.

Councilman Philpot asked staff about how much money is hoped to be made in the bench program. He said the roundabout was a large expense and the first time money was given to a Commission as a part of the budget, and he was wondering how many projects can be self-sustaining.

Ms. Jefferies said the benches are a launching point and the Commission would like to be as self-sustaining as possible, and does not see the Commission requesting many funds from the Council. She said there are more opportunities to be taken advantage of.

Mayor Haleblian mentioned vinyl wraps on utilities located in the City, which is fairly inexpensive. Commissioners mentioned murals and rules for advertising, that maybe there is leniency that could be given to businesses who work with the Commission.

Councilman Philpot mentioned a redesign competition for the City flag, and discussed the State's recent efforts.

Council Inquiries and Requests

Councilwoman Brady said she has been working with City staff on a memorial bench for Councilwoman Cathy Ferguson and locations have been explored. She asked if the bench could be ready by August 28th, Cathy's birthday. She would like to hold a dedication that day if possible.

Councilman Philpot asked Public Works and Engineering Director Mike Magnuson about the channel information from public comment. Mr. Magnuson said the channel is all private property, there is an easement that crosses it due to a water main located there. He said the channel is mucky throughout. The City committed to help residents with questions to have a geo-tech engineer to see how deep the muck is. This is the City's remaining commitment, as well as no trespassing signs on the street side of Pinewood and Edgewater.

Mayor Haleblian said the lake level is down, due to drought. Mr. Magnuson said the water level is a foot to foot and a half down.

Councilman Hopkins asked what the legal responsibility of the City, Park District, Lakewood and homeowners is regarding the lake.
